Dr. D Y Patil Group

A frontrunner in the education field, the Dr. D Y Patil Group is a name synonymous with world-class quality education. The group's chairman, Dr. Ajeenkya D Y Patil, strongly believes that world-class education is the stepping-stone to progress with a long-standing commitment to quality teaching and learning. The group has nurtured values in the making of successful careers. Equipped with state-of-the-art infrastructure, the group encourages its students to think, question, explore, and apply their well-honed minds to scale newer heights of success. Dr. D Y Patil Group is a highly regarded educational organization with three deemed universities to its credit, and running nearly 160 Educational institutions in disciplines such as Health Care, Management Education, Engineering and technology. The group envisages inculcating skills that enable students to meet global-level challenges.

Dr. D Y Patil Technical Campus Lohegaon

As the demand for engineers and managers continues to grow, Dr. D Y Patil Technical Campus is focused on preparing students for infinite opportunities. Our vision would make us the preferred institution in the country and abroad. This makes Dr. D Y Patil Technical Campus uniquely qualified to provide talented students with the broad technological and management education demanded in a rapidly changing world. Our programs would satisfy the demands of employers that require a balance of rigorous fundamental engineering skills along with management talents in entrepreneurship, leadership, technical communication, teamwork, and global awareness.

About The Institute

Ajeenkya D Y Patil School of Engineering is established in 2010. The institute is approved by the All-India Council for Technical Education (AICTE), New Delhi, Directorate of Technical Education (DTE), Mumbai and Govt. of Maharashtra and is affiliated to Savitribai Phule Pune University. The institute offers civil engineering, mechanical engineering, electronics and telecommunication engineering, and computer engineering programs. The institute also offers PG Mechanical, E&TC, and Computer Engineering courses. The institute has dedicated faculty members and staff and is well-equipped with laboratory equipment.

Aim & Scope

This conference provides an international forum to bring together researchers, developers, academicians, scientists, engineers and solutions to exchange their valuable ideas and showcase the ongoing works that may lead to the path-breaking foundation of futuristic engineering. The aim of this conference is:

To provide a platform for presenting and discussing the latest research, innovations, and technological advancements across various fields.

To Encourage networking and partnerships between academia, industry professionals, and researchers to drive interdisciplinary and practical solutions.

To Showcase and explore emerging trends and breakthrough technologies in science, engineering, and technology.

To Offer opportunities for students and early-career researchers to present their work, gain valuable feedback, and engage with experts.
