Action Taken Report on meeting held on 19/06/2023

The committee recognized the growing need to conduct a cybersecurity awareness session specifically for female students. Considering the increasing engagement of students with digital platforms, the session will aim to educate participants about the threats of cybercrime, online abuse, and unsafe internet practices. The workshop will emphasize preventive strategies, provide insights into basic cyber laws, and promote safe and responsible digital behaviour. Preparations for the session are underway, with duties assigned to the respective coordinators. The event is planned for implementation in the upcoming academic term.
