**Action Taken Report on meeting held on 18/06/2024**

The committee decided to organize a training session on the Importance of Women's Hygiene for girls students. The session aims to raise awareness about personal, menstrual, and reproductive hygiene while promoting healthy practices among female students. An expert speaker will be invited to lead the session and provide medically accurate and practical guidance. The event is intended to educate and empower students with essential hygiene knowledge for their overall well-being. Planning for the session has commenced, and necessary responsibilities have been assigned to the concerned team members.
