Guest Lecture on "Google Development Kit (Flutter)" Report

Name of the Event Guest Lecture on "Google Development Kit (Flutter).

Date: 30/08/2022

Time: 3.00 PM to 5.00 PM

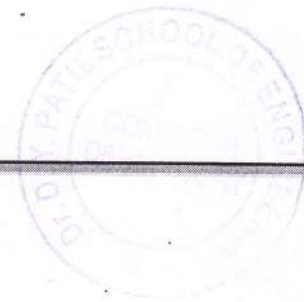

Mode: Offline

Students: Students from SE Computer Engineering Department

Report:

Computer Engineering Department organized a Seminar on "**Google Development Kit (Flutter)**." for one hour from 10.00 AM to 11.00 AM for SE Students of Computer Engineering. The lecture was headed by Mr. Prajakt Patil who is MG of PBL Global Solution. Flutter represents the best practices used by experienced software developers. Flutter are the solution to general problems that software developers faced during App Development. These solutions were obtained by trial and error by numerous software developers over quite a substantial period of time.

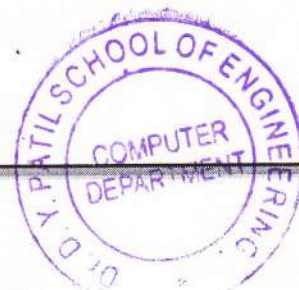

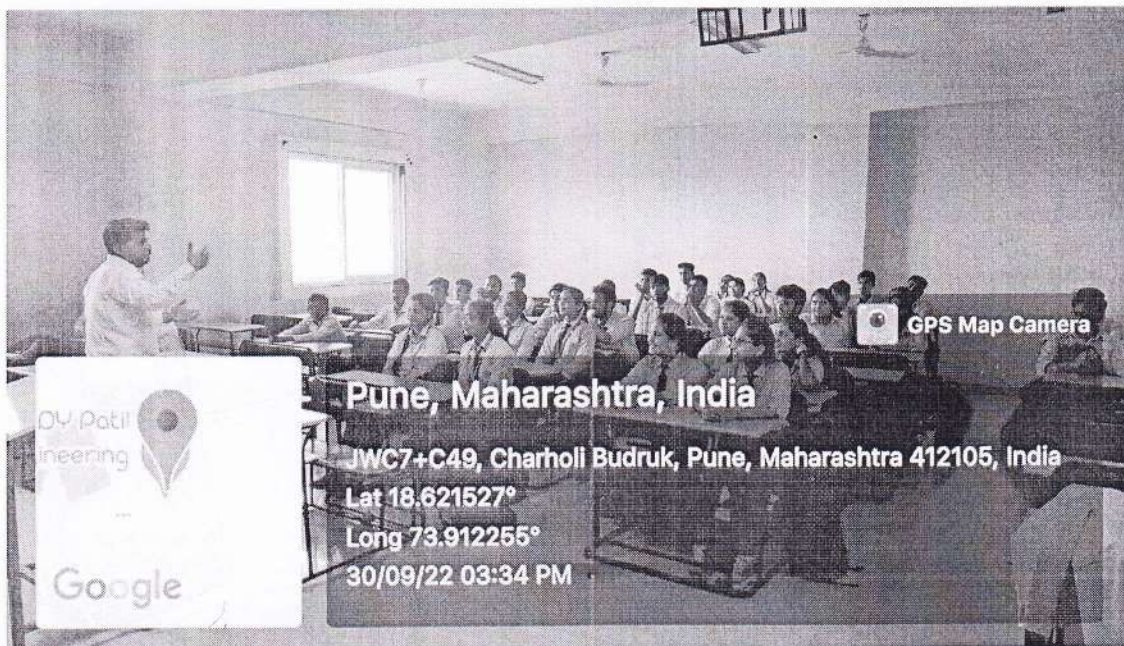

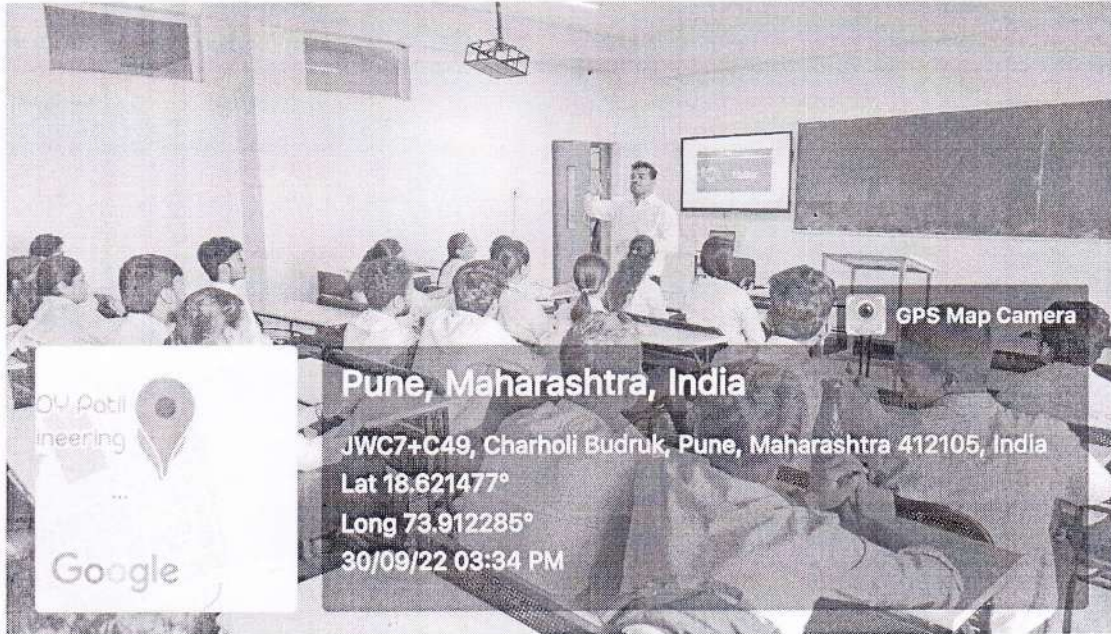

The importance of the topic was well received by students. Mr. Prajakt touched upon multiple uses of flutter during the lecture and also stressed the importance that every individual must take a step to improve their capabilities which include students, faculty, and organizations. The learning attitude is yet to be cultivated by different mechanisms using which individuals can continue to enhance their knowledge and skills. This will also help an individual to become a life-long learner and adapt to changes they face in the future. With new technologies disrupting traditional ways (ex: Artificial Intelligence), having a learner mindset makes a huge difference.

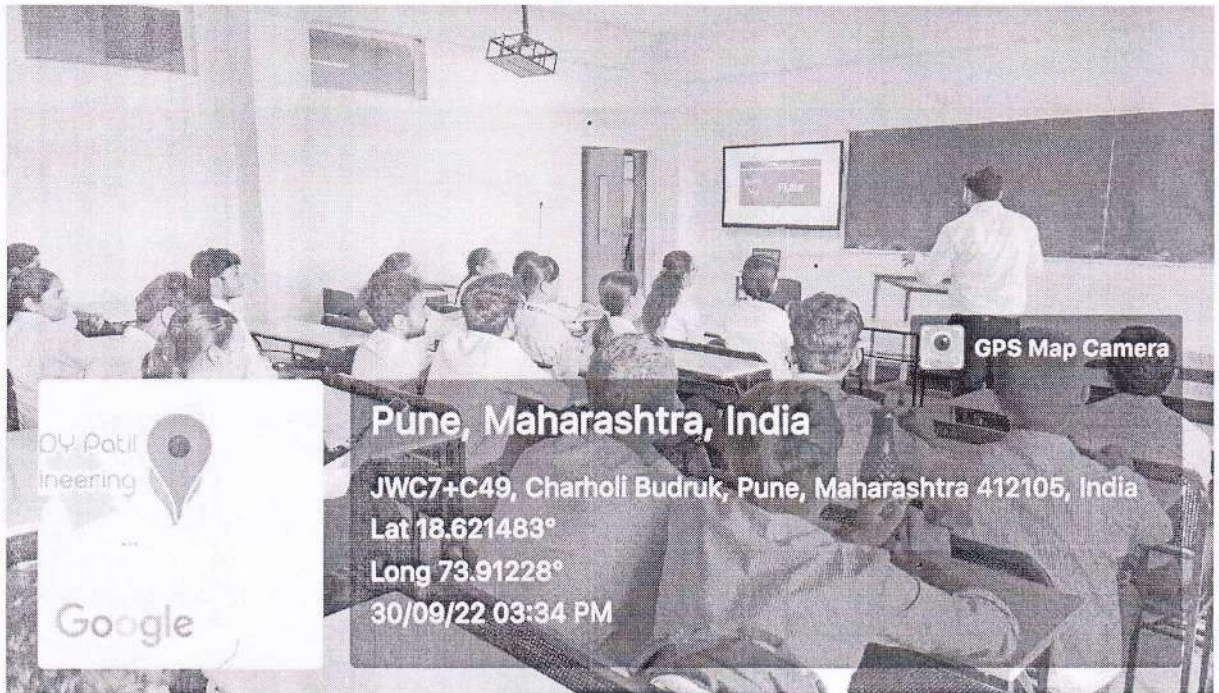

The session was followed by student questions where they inquired more about bridging gap between academics and industry and its scope.

We the coordinators would like to thank HoD sir (Prof. Mr. Pankaj Agarkar) and Principal sir (Dr. F.B. Sayyad) that they gave the opportunity to us arrange a guest lecture for SE students on such very important topic
