## Event Notice

Academic Year: 2023-24

Semester-II

Name of the Event: E-Waste Management Drive

Date of the event : 7<sup>th</sup> October 2023

Venue : College Premises (ADYPSOE Store)

Dear all,

This is a friendly reminder about our upcoming E-Waste Drive scheduled on 7th October 2023.

As part of our commitment to sustainability and responsible waste management, we are organizing this drive to collect electronic waste (e-waste) within our campus.

E-waste includes old or unused electronics such as computers, monitors, printers, keyboards, mice, cables, and any other electronic devices that are no longer in use or in working condition. These items can contain hazardous materials that can harm the environment if not disposed of properly. By participating in this drive, you are helping to ensure that these materials are recycled and disposed of in an environmentally friendly manner.

Accepted Items: Please bring any old or unused electronics you wish to dispose. This includes but is not limited to:

- Computers
- Monitors
- Printers
- Keyboards
- Mice
- Cables
- Other electronic devices

  
Principal  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

We kindly ask for your cooperation in properly sorting and packaging the items you bring to the collection point.

Your participation in this initiative is greatly appreciated, and together, we can make a positive impact on the environment while promoting sustainability within our campus.

Thank you for your attention, and we look forward to your participation in the E-Waste Drive.

Organized by	Department of Computer Engineering
Attendee's	NA

### Event Contents:

The primary objective of the activity was to promote awareness among students, faculty, and staff about the hazards of improper e-waste disposal and to encourage responsible recycling practices. Additionally, the initiative aimed to establish systems for collecting, recycling, and properly disposing of e-waste within the institute premises.

### Program Outcome:-

1. **Increased Awareness:** The awareness campaigns and educational initiatives significantly raised awareness among students, faculty, and staff about the importance of e-waste management.
2. **Enhanced Participation:** The e-waste collection drives witnessed a steady increase in participation, leading to a higher volume of e-waste being responsibly disposed of and recycled.
3. **Sustainable Practices:** By establishing infrastructure and integrating e-waste management principles into the curriculum, the department fostered a culture of sustainability and responsible consumption among the academic community.
4. **Environmental Impact:** The proper disposal and recycling of e-waste contributed to reducing the environmental footprint associated with electronic waste and mitigated potential health hazards from improper handling.

### Details of the event:

- This event organized by Computer Engineering Department under the environmental club. Environmental club collected E-waste from ADYPSOE Store and club members help to collect the waste and distributes. This event was organised by Dr.Pallavi Kharat, Prof. Swarupa Kamble under the guidance of Hod Dr. Pankaj Agarkar.
- This activity conducted with the collaboration of local recycling agencies or electronic waste management companies to set up collection points within the institute.
- Organized regular e-waste collection drives where students, faculty, and staff could dispose of their old electronic devices such as computers, laptops, mobile phones, printers, etc.
- Implemented incentives or rewards for participants to encourage greater participation in the collection drives.

#### **Event Contents:**

1. Synergy Coding (Web page development) by AI&DS department
2. Debate Competition by Computer department
3. Tech\_Quiz Competition by Civil department
4. Badminton
5. Box cricket
6. Carom
7. Chess
8. LAN Gaming

#### **Details of the event:**

On the occasion of Engineers Day, "Infinito'23" was organized at the ADYPSoE campus on September 15th and 16th, 2023. This event was aimed at celebrating the spirit of engineering and fostering a sense of camaraderie among students from ADYPSoE and neighboring colleges. "Infinito'23" witnessed enthusiastic participation from students who engaged in technical events, sports competitions, and a captivating prize distribution ceremony featuring a renowned motivational speaker.

## **Technical Events**

### **1. Synergy Coding**

The technical segment of "Infinito'23" featured a web page development competition called "Synergy Coding." Students demonstrated their coding prowess and web development skills in this event. Participants showcased innovative web designs and functionalities, and judges were impressed by the high-quality work produced.

### **2. Debate**

A spirited debate competition was also held, where students engaged in thought-provoking discussions on engineering-related topics. This event provided a platform for students to enhance their communication skills, critical thinking, and the ability to articulate their ideas effectively.

### **3. Quiz Competition**

A challenging quiz competition was conducted, testing participants' knowledge of engineering concepts, current affairs, and general awareness. The quiz was designed to be both informative and competitive, engaging students in a fun and intellectually stimulating environment.

## **Sports Competitions**

In addition to technical events, "Infinito'23" offered a variety of sports competitions, catering to students with diverse interests. The sports events included:

### **1. Box Cricket**

Box cricket matches brought out the cricket enthusiasts who displayed their batting and bowling skills in a friendly yet competitive environment.

### **2. Badminton**

The badminton tournament witnessed intense rallies and showcased the agility and sportsmanship of the participants.

### **3. Carrom and Chess**

Carrom and chess tournaments provided a cerebral break for students who enjoy indoor board games, promoting strategic thinking and concentration.

### **4. LAN Gaming**

For the gaming aficionados, a LAN gaming competition was organized, where participants battled it out in various video games, creating an exciting gaming atmosphere.

## Prize Distribution Ceremony

On September 16th, 2023, a grand prize distribution ceremony marked the culmination of "Infinito'23." The event was graced by the presence of the renowned motivational speaker, Mr. Rounak, widely known as "Aalsi Engineer The Youtuber." Mr. Rounak shared his insights on the engineering profession, personal development, and the importance of perseverance.

During the prize distribution ceremony, winners of the various events were awarded cash prizes and certificates as tokens of appreciation for their exceptional performances. This recognition not only motivated the winners but also inspired other participants to strive for excellence in future endeavors.

## Outcome-

"Infinito'23" on Engineers Day at ADYPSoE campus was a resounding success, celebrating the spirit of engineering and fostering a sense of unity among students from different colleges. The combination of technical events, sports competitions, and a motivational speech by Mr. Rounak made the event both educational and entertaining. It provided an excellent platform for students to showcase their talents, enhance their skills, and take home valuable life lessons. "Infinito'23" will be remembered as a memorable and enriching event that brought together the engineering community to celebrate their passion and dedication to the field.

#### **Makar Sankranti Celebration**

##### **Introduction:**

Makar Sankranti a hindu festival celebrated on the occasion of the planet sun travelling into makar rashi. Makar Sankranti is a festival, celebrated with grandeur and enthusiasm, holds great religious significance in Hindu religion. On this day, Lord Surya moves from Sagittarius to Capricorn zodiac sign. Makar Sankranti festival is celebrated across the country with different name in different cities following their own amazing traditions and rituals.

One of the most common attractions of Poush Sankranti, especially in the Gujarat region, is kite flying. The sound of ‘Kai Po Che’ against the lip-smacking sweets laid out on the terrace is almost an involuntary visual that comes to mind when thinking of Makar Sankranti. It is also believed that the kite-flying ritual came into play as a practice of good health. The idea was to expose oneself to the first light of the early morning forthcoming Summer sun and douse in the goodness of Vitamin D.

##### **Event Overview:**

**Details of the event:**

Department of E&TC Engineering have organized an **Expert Talk on "Roles & Responsibility of youth towards societal development program"** with Founder & Director of Snehwan, Mr. Ashok Deshmane Sir. Snehwan is residential facility for orphan kids who lost their parents in calamities. They have quite an impressive setup for the learning and earning of these students. They are providing much practical exposure to all these kids. Our all attendees had good interaction with sir Mr. Ashok Deshmane, who provided glimpses about the gradual development they did from a decade and problems they are facing. They also let us know about the solution they are expecting from engineering graduates and from all as a good human being as a social responsibility.

This talk thrilled the all students and staff with enthusiasm to work for betterment of society.
