## DY PATIL SCHOOL OF ENGINEERING

(Formerly known as DY Patil School of Engineering)

AICTE ID - 1-3847411

AISHE Code: C-46648

DTE Code: EN6732

SPPU PUN Code: CEGP015720

(Approved by AICTE, Recognized by Govt. of Maharashtra, Affiliated to Savitribai Phule Pune University)  
(Accredited by NAAC, NABL & ISO 9001:2015 & 21001:2018 Certified Institute)

Date: 13/09/2023

### External Auditors Report on Academic and Administrative Audit of A.Y. 2022-23

The institute has conducted an External Academic and Administrative audit for the academic year 2022-23.

The following members were present for the audit:

- 1] Dr. Kamaljeet Kaur, Director-Technical Campus.
- 2] Dr. F.B. Sayyad, Principal, ADYPSOE, Pune.
- 3] Dr. Anjali Joshi, External Auditor, MMIT Pune.
- 4] Dr. Umesh Moharil, External Auditor, MMIT Pune.
- 5] Mr. Gorakhanath Deshmukh, Registrar, ADYPSOE, Pune.
- 6] Dr. Niranjan L. Shegokar, Dean Academics, ADYPSOE, Pune.
- 7] Deans & Heads of all departments, ADYPSOE, Pune.
- 8] Dr. Rahul Bachute, NAAC Coordinator, ADYPSOE, Pune.
- 9] Mr. Riyaj Kazi, IQAC Coordinator, ADYPSOE, Pune.
- 10] Chairpersons, NAAC Criteria.

The audit was conducted on the following quality indicators:

- 1] Curricular Aspects
- 2] Teaching, Learning and Evaluation
- 3] Research, Innovations and Extension
- 4] Infrastructure and Learning Resources
- 5] Student Support and Progression
- 6] Governance Leadership & Management
- 7] Institutional Values and Best Practice
- 8] Administrative Records

  
Principal

**External Auditors Recommendations & Suggestions:**

Criteria	Recommendations/Suggestions
<b>CR-I</b> <b>Curricular Aspects</b>	1] A Case study for adherence to the academic calendar to be included in the Principal presentation. 2] Tabular record of Add-on, Value added and Certificate courses to be done.
<b>CR-II</b> <b>Teaching-Learning and Evaluation</b>	1] (i) Service books and Roster for regular faculty is required. (iii) Appraisal process for Adhoc and UGC approved faculty should be transparent. Service Books for Adhoc faculties who are with us since last 2-3 years. 2] Case study of grievances regarding internal and external examination is required. Transparency in the continuous assessment and evaluation process is required. 3] Scholarship for needy students. Covid Cases: Special Provision, Scholarship for PG Students to be considered to promote higher education through a well-defined procedure (Students Application –Recommendation-Management Sanction)
<b>CR-IV</b> <b>Infrastructure and Learning Resources</b>	1] The details of expenditure reflected under repair and maintenance of 80L are to be bifurcated.
<b>CR V</b> <b>Students Support and Progression</b>	1] LinkedIn profiles may be attached for those students who are not willing to provide offer letters/company email.
<b>CR VI</b> <b>Governance, Leadership and Management</b>	1] Staff Welfare Schemes: Include beneficiaries.
<b>CR-VII</b> <b>Institutional Values and Best Practices</b>	1] Potable water testing- Get water tested from NABL lab (Every Six Months) 2] 7.1.4 Activity to be bifurcated under the various heads tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic etc.
<b>Administrative Records</b>	Besides the Administrative File Index contents, add the following: 1] Minutes of Meeting of Statutory Committees e.g. Governing Body, ICC, General Grievance Redressal, Anti-ragging.

  
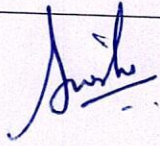

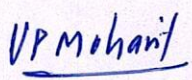

**Principal**  
 Ajeenkya DY Patil School of

**Principal**  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

## Criteria I: Curricular Aspects

### Objective of Criteria:

- Criterion I pertains to the practices of an institution in initiating a wide range of program options and courses that are in tune with the emerging national and global trends and relevant to the local needs.

### Focus Area: Key Indicators

1.1 Curriculum Planning and Implementation

1.2 Academic Flexibility

1.3 Curriculum Enrichment

1.4 Feedback System

### QLM (5)

#### 1.1 Curriculum Planning and Implementation

Each college operationalize the curriculum within the overall frame work provided by the respective universities, in one's own way depending on its resource potential, institutional goals and concern and so on.

### Document List:

Sr. No.	Name of the Document	Page No.
1.	SPPU academic calendar	1
2.	Institute academic calendar	2-5

8.	Industrial visit Report	250-260
9.	Seminar/Guest Lecture Report	261-274
10.	Result Analysis	275-280

#### QnM(4)

#### 1.2 Academic Flexibility

Academic flexibility refers to the freedom in the use of the time-frame of the courses, horizontal mobility, inter-disciplinary options and others facilitated by curricular transactions.

**1.2.1** Number of Certificate/Value added courses offered and online courses of MOOCs, SWAYAM, NPTEL etc. where the students of the institution have enrolled and successfully completed during the last five years)

**1.2.2** Percentage of students enrolled in Certificate/ Add-on/Value added programs and also completed online MOOC programs like SWAYAM, NPTEL etc.as against the total number of students during the last five years

  
**Principal**  
**Ajeenkya DY Patil School of**  
**Engineering, Lohegaon, Pune**

### Five Years Data Table

## QLM(5)

### 1.3 Curriculum Enrichment

Holistic development of students is the main purpose of curriculum. While this is attempted through prescribing dynamic and updated curricular inputs such as cross-cutting issues relevant to the current pressing concerns both nationally and internationally. Institute need to provide a wide range of such "value-added" courses for students to choose from according to their interests and inclinations.

**1.3.1** Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum.

The following courses from the curriculum are addressing the cross-cutting issues from different programs.

- I. Professional Ethics
- II. Gender
- III. Human Values
- IV. Environment and Sustainability

#### Document List:

Sr. No.	Program	Name of the Course	Course No.
1.	TE Computer (2019 Pattern)	Professional Ethics and Etiquettes	310250 (B)
		Sustainable Energy Systems	310259(B)
		Leadership and Personality Development	310259(C)
2.	TE E&TC (2019 Pattern)	Developing Soft Skills and Personality	304191(A)
		Entrepreneurship and IP Strategy	304191(A)
		Urbanization and Environment	304191(A)
		Environmental and Resource Economics	304191(A)
		Environment and Development	304191(A)
		Globalization and Culture	304191(A)
		Patent Law for Engineers and Scientists	304191(B)
		English Language for Competitive Exams	304191(B)
		Energy Resources, Economics and Environment	304191(B)
		Principles of Human Resource Management	304191(B)
		Six Sigma	304191(B)
		Non- Conventional Energy Resources	304191(B)
3.	TE MECH (2019 Pattern)	Entrepreneurship and IP Strategy	302048
		Engineering Economics	302048

#### QnM(4)

#### 1.4 Feedback System

The process of revision and redesign of curricula is based on recent developments and feedback from the stakeholders. The feedback system in place will have an active process of not only collecting feedback from all stakeholders, but also analyzing it and identifying and drawing pertinent pointers to enhance the learning effectiveness.

## Criteria II: Teaching-Learning and Evaluation.

**Objective of Criteria:** Criterion II pertains to the efforts of an institution to serve students of different backgrounds and abilities, through effective teaching-learning experiences.

### Focus Area:

- 2.1 Student Enrolment and Profile
- 2.2 Student Teacher Ratio
- 2.3 Teaching Learning Process
- 2.4 Teacher Profile and Quality
- 2.5 Evaluation Process and Reforms
- 2.6 Student Performance and Learning Outcomes
- 2.7 Student Satisfaction Survey

### QnM(1)

Metric No & Title: 2.1.1 Enrolment percentage

2.1.1.1. Number of students admitted year wise during last five years

2.1.1.2. Number of sanctioned seats year wise during last five years

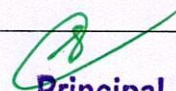

Metric No.	Description	2018-19	2019-20	2020-21	2021-22	2022-23	Total
2.1.1	Enrolment percentage	372	264	286	408	735	2065
	2.1.1.1.						
	2.1.1.2.	492	492	492	492	972	2940

Percentage as per formula	Benchmark achieved range	Expected Score
70.24	60%-80%	3

### Document List:

1. Data Template
2. AICTE Letter
3. ARA List (Admission Regulatory Authority)
4. SPPU University letter

  
Principal  
Ajeenkya G. P. Patil School of  
Engineering, Lohagaon, Pune

**QnM(2)**

2.1.2 Percentage of seats filled against seats reserved for various categories (SC, ST, OBC, etc.as per applicable reservation policy) during the last five years (Exclusive of supernumerary seats)

Metric No.	Description	2018-19	2019-20	2020-21	2021-22	2022-23	Total
2.1.2	2.1.2.1 - Number of actual admitted from reserved categories	136	117	121	173	349	896
	2.1.2.2 - Number of seats earmarked for reserved category as GOI / State Govt rules	239	239	215	215	386	1294

Percentage as per formula	Benchmark achieved range	Expected Score
69.24	60%-80%	3

**Document List:**

1. Data Template
2. Seat Matrix

**QnM(3)****2.2.1 Student – Full time Teacher Ratio**

(Data for the latest completed academic year) Formula: Students: Full time teacher

Metric No.	Description	2022-23	Total
2.2.1	Student full time teacher ratio	119	119

Percentage as per formula	Benchmark achieved range	Expected Score

Engineering, Lohegaon, Pune

### Criterion III: - Research, Innovations and Extension (110)

#### Objective of Criteria:

This Criterion seeks information on the policies, practices and outcomes of the institution, with reference to research, innovations and extension.

It mainly deals with the facilities provided by the institution to promote a research culture, research projects. Another major aspect of this Criterion is serving the community through extension, which is a social responsibility of institutions.

#### Key Indicators

- Resource Mobilization for Research.
- Innovation Ecosystem.
- Research Publications and Awards.
- Extension Activities.
- Collaboration.

#### 3.1- Resource Mobilization for Research

3.1.1-Grants received from Government and non-governmental agencies for research projects /endowments in the institution during the last five years.

QnM – (10)

#### Policies supporting the metric:

R&D Policy.

R&D Incentive Policy.

R&D Plagiarism Policy.

#### Five Years Data Table-

2018-19	2019-20	2020-21	2021-22	2022-23	Total
-	2.37	-	43.8	14.41	58.54

  
**Principal**  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

Percentage as per formula	Benchmark achieved range	Projected score for NAAC
58.54	$\geq 15$	4

#### Document List-

Sr. No.	Academic Year	Name of the research project/ endowment	Amount Sanctioned in INR in Lakhs	Name of the Funding Agency	Page No.
1	2022-23	Strategic planning for water resources and implementation of novel biotechnical treatment solutions and good practices (SPRING)	12.41	DBT, India	1
2	2020-21	Strategic planning for water resources and implementation of novel biotechnical treatment solutions and good practices (SPRING)	43.7631	DBT, India	2-5
3	2019-20	Projects sponsored by the University	2.375	Savitribai phule Pune university SPPU ASPIRE (Board of colleges and university department BCUD)	6-16

### 3.2-Innovation Ecosystem

3.2.1-Institution has created an ecosystem for innovations, Indian Knowledge System (IKS), including awareness about IPR, establishment of IPR cell, Incubation center and other initiatives for the creation and transfer of knowledge/technology and the outcomes of the same are evident.

QIM – (10)

  
Principal  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

Policies supporting the metric:

R&D Incentive Policy.

Consultancy Policy.

Innovation Ecosystem Policy.

**Document List-**

Percentage as per formula	Benchmark achieved range	Projected score for NAAC
7.45	5-10	3

**Document List-**

1. Excel Sheet.

**3.4- Extension Activities**

3.4.1- Outcomes of Extension activities in the neighborhood community in terms of impact and sensitizing the students to social issues for their holistic development during the last five years.

QIM – (15)

**Document List-**

Sr. No.	Activity	Page No.
1	Cleanliness activity under Puneet Sagar Abhiyan at Indrayani	1-6
2	Cleaning Awareness Program at Koyali Smashan Bhumi	7-8
3	Conduction of Covid Awareness programme and distribution of safety kit (mask, sanitizer etc.)	9-14
4	Medical Camp at Naigaon	15-76
5	NSS organizes a residential 7-day special camp	77-80

Principal  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

6	Rally for Water Conservation Awareness	81-85
7	Cultural activity at Aapulki old age home near Alandi, Pune	86-91
8	Distribution of Stationary and Shoes to Z.P. School Students	92-97
9	NSS Unit Cleanliness Rally & Street Play	98-102
10	NSS Unit Rally on the topic of Education Awareness Rally	103-108
11	Tree Plantation by NSS Unit	109-112
12	Blood Donation Camp	113-117
13	Traffic Management at Porwal road and Dhanori Jakat Naka	118-122
14	Garbage segregation awareness program	123-130
15	Utopia Society Aerator Installation and disposal of plastic and E-waste activities by Environmental Club.	131-138
16	Selfi With Tiranga Celebration of Azadi Ka Amrit Mahotsav	139-140
17	Visit to ZP School, Harantale	141-154
18	Cyclathon	155-158
19	Health Awareness Program	159-161
20	Awareness program on alcohol and Drug de-addiction	162-164
21	Institute also celebrated Har Ghar Tiranga to inculcate patriotism in the community.	165-169
22	World AIDS Day	170-172
23	"Eco friendly Ganeshotsav" Theme - Go Green	173-175
24	Visit and providing financial support to zilla parishad primary school Harantale	176-180
25	World Anti tobacco Day	181-182
26	World Environmental Day Celebration	183-189
27	Students as Teachers Activity	190-192
28	Physical Activities with Snehwan children	193-195
29	Cleanliness activity under Puneet Sagar Abhiyan at Indrayani River	196-204
30	NCC cadets also welcomed participants of mega cycling expedition named as Mahaparikrama which was organized to celebrate Azadi Ka Amrit Mahotsava	205-210
31	Awareness rallies (skit) activity under Puneet Sagar Abhiyan at Indrayani River, Alandi	211-215
32	Swachhta Campaign at Khandoba Hil, Lohegaon	216-218
33	Shiv Swarajya Din	218-219
34	Swachha Bharat Abhiyan (Alandi, Wari). Additionally, our students volunteered for the Swaccha Wari, Swasth Wari, Nirmal Wari, and Harit Wari, organized by Savitribai Phule Pune University, NSS (Ghule).	220-223
35	Cyber security and Fraud Transactions Awareness	223-225

  
**Principal**  
**Ajeenkya DY Patil School of**  
**Engineering, Lohegaon, Pune**

36	Every year Birth Anniversaries of great people are celebrated as per the guidelines.	--
37	Cultural activity at Aapulki old age home	226-227
38	Biodiversity Club activities like Tree Plantation, Vegetable seed sowing and water pots for birds, Belt and chain distribution for Stray dogs within the campus.	228-240
39	Utsaah club conducted outreach activities like visits to orphanages and old age homes	241-245
40	Peace Pulao	246-248

3.4.2-Awards and recognitions received for extension activities from government / government recognised bodies.

QIM – (05)

**Document List-**

Sr. No.	Activity	Page No.
1	Book of Records by forming the longest-moving Bicycle line to spread awareness about health and environmental issues	1
2	Gram Panchayat of Dehu Gao	2

#### **Criterion IV: - Infrastructure and Learning Resources**

##### **Objective of Criteria: -**

The adequacy and optimal use of the facilities available to maintain the quality of academic and other programmes on the campus. Expansion of facilities to meet future development.

The focus of Criterion is captured in the following Key Indicators:

##### **KEY INDICATORS**

###### **4.1 Physical Facilities**

###### **4.2 Library as a Learning Resource**

###### **4.3 IT Infrastructure**

###### **4.4 Maintenance of Campus Infrastructure**

##### **QLM**

**4.1.1. The Institution has adequate infrastructure and other facilities for a. teaching – learning, viz., classrooms, laboratories, computing equipment etc b. ICT – enabled facilities such as smart class, LMS etc. Facilities for Cultural and sports activities, yoga centre, games (indoor and outdoor), Gymnasium, auditorium etc**

**Weightage: 20 M**

## Criteria 5: Student Support and Progression (140)

**Objectives of Criteria:** The objectives of the criteria are to provide necessary assistance to students, to enable them to acquire meaningful experiences for learning at the campus and to facilitate their holistic development and progression.

### Focus Area: Key Indicators

5.1 Student Support (50)

5.2 Student Progression (35)

5.3 Student Participation and Activities (45)

5.4 Alumni Engagement (10)

#### QnM:

5.1.1 Percentage of students benefited by scholarships and freeships provided by the institution, government and non-government bodies, industries, individuals, philanthropists during the last five years (20)

#### Policies supporting the metric :

1. Non-Government Scholarship Policy
2. Institute Scholarship Policy for UG and PG Students

Metric	Description	Year	2022-23	2021-22	2020-21	2019-20	2018-19	Total
5.1.1	Scholarships & freeships	Number	1734	1386	1257	1115	1173	6663

Percentage as per formula	Benchmark achieved range	Expected score
75.68	>70 %	4

## Criterion VI

### Governance, Leadership and Management

- Objectives of criterion:

This criteria ensures the effective functioning of an institution in the matter of designing policies and planning human resources, recruitment, training, performance appraisal, financial management and the overall role of leadership.

- Key Indicators:

Institutional Vision and Leadership

Strategy Development and Deployment

Faculty Empowerment Strategies

Financial Management and Resource Mobilization

Internal Quality Assurance System (IQAS)

#### 6.1: Institutional Vision and Leadership

6.1.1 The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long term Institutional Perspective Plan

Weightage: 15 M

#### Supporting documents

Sr. No.	Parameter	Documents
1		Process of formation of Vision ,Mission and Quality Policy of the Institute
		Vision ,Mission and Quality Policy of the Institute

  
Principal

Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

	<b>Governance and Leadership</b>	Vision, Mission of Departments

### 6.2.2 Institution implements e-governance in its operations

1. Administration
2. Finance and Accounts
3. Student Admission and Support
4. Examination

Institute applies e-governance in Administration, Finance and accounts, Student admission and support and examination

Options:

- A. All of the above
- B. Any 3 of the above
- C. Any 2 of the above
- D. Any 1 of the above
- E. None of the above

## Criteria VII

### Institutional Values and Best Practices (100)

#### Objective of Criteria:

In order to be relevant in changing national and global contexts few pressing issues such as gender equity, environmental consciousness and sustainability, inclusiveness and professional ethics are addressed. Practices which are evolved internally by the institution leading to improvements in academic aspect are recognized as a "best practices"

#### Focus Areas:

7.1 Institutional Values and Social Responsibilities (50)

7.2 Best Practices (30)

7.3 Institutional Distinctiveness. (20)

#### QIM

7.1.1 Institution has initiated the Gender Audit and measures for the promotion of gender equity during the last five years.

(10)

#### Policies Supporting the Criteria:

- Gender Policy

#### Document List

Sr. no	Document Name
1	Annual gender sensitization plan
2	Internal Complaint Committee Documents
3	Women Empowerment Cell Documents
4	Gender policy
5	Student & Staff Male Female Ratio
6	Facilities Provided for Women.
7	Women's Equality Day
8	Gender Sensitization

  
Principal

## 7.2 Best Practices

**7.2.1** Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual (30)

  
**Principal**  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

### **Best Practice – I**

1. **Title:** - Competency Based Education and Assessment

2. **Objectives of the Practice:**

1. To incorporate experiential learning opportunities and participatory learning methods to create a student-centered environment.
2. To bridge the gap between theoretical knowledge and practical application
3. To enhance students problem-solving and critical-thinking skills

3. **The Context:**

1. Passive learning approaches: Conventional teaching methods often rely on passive learning, focusing primarily on delivering content through lectures, which has limited students' active engagement.
2. Limited practical application: The lack of practical application in education hinders Students' ability to apply their knowledge and skills to real-world situations, resulting in insufficient connection between theory and practice.
3. Varying student abilities and learning styles: Students have diverse abilities, learning styles, and prior knowledge, making it challenging to meet their individual needs and ensure equal opportunities for competency development.

4. **The Practice:**

The practice incorporates Experiential and Participative Learning methods to create an engaging and impactful learning experience. It includes activities such as prototype development, project-based learning, industrial visits, case studies, simulations, mentorship programs, group discussions, research projects, and the use of multimedia resources. These activities provide students with practical exposure, foster critical thinking, problem-solving and collaboration, and facilitate the integration of industry perspectives into the learning process.

Constraints and limitations: -

1. Time constraints: Implementing experiential and participative learning activities requires additional time compared to traditional teaching methods. This poses challenges in covering the required curriculum within limited class hours.

  
**Principal**

**Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune**

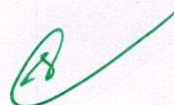

2. Resource availability: Providing resources, such as materials for prototypes, software for simulations, or industry partnerships for visits, are limited.
3. Faculty training and expertise: Faculty members require support to effectively disseminate and implement experiential and participative learning approaches.
4. Assessment challenges: Assessing competencies acquired through experiential and participative learning is complex.
5. Resistance to change: Introducing a competency-based approach and shifting from traditional teaching methods to innovative is a significant challenge.

#### 5. Evidence of Success:

The effectiveness of implementing Experiential and Participative Learning methods has been evaluated through a Google Form survey, gathering feedback from students who actively participated in these activities. The results indicate that a significant portion of faculties have successfully incorporated key elements of experiential learning, such as discussing case studies (60.2%) and showcasing videos on the latest technologies and advancements (44.3%). In terms of participative learning, the practice of engaging students in open-ended questions received the highest focus (64.6%), closely followed by subject-specific group discussions. Additionally, the survey highlights the implementation of various other activities to enhance student learning.

- A significant 69.3% of students reported a notable gain in their level of practical experience.
- 71.5% of students mentioned a significant improvement in their knowledge level.
- An impressive 71.4% of students reported a noticeable enhancement in their collaboration, teamwork, and communication skills.
- 70.1% of students reported an improvement in their understanding and memory retention.
- An encouraging 72.6% of students reported a significant increase in their level of confidence.
- 70.4% of students reported a notable improvement in their creative problem-solving skills.

Overall, the implementation of different activities involving experiential and participative methods has led to a significant improvement in various areas as reported by the students.

  
Principal

Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

## **6. Problems Encountered and Resources Required:**

1. Lack of awareness and understanding among faculty members and students.
2. Resistance to change from traditional teaching and assessment methods to adopt new approaches.
3. Lack of faculty training and development programs.
4. Limited availability of resources such as technology, infrastructure, learning materials, and assessment tools.

Addressing these problems and allocating the necessary resources can facilitate the successful implementation of Competency-Based Education and Assessment, enabling effective teaching and learning practices aligned with desired learning outcomes.

## **Best Practice – II**

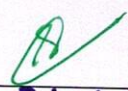

**1. Title:** - Bridging the Gap between Education and Employment through Industry Connect.

### **2. Objectives of the Practice:**

1. Enhance students' employability by aligning their skills with industry requirements.
2. Foster collaboration and knowledge exchange between educational institutions and industries.
3. Provide students with real-world exposure and practical experience through internships, mentorship opportunities and collaborative projects with industry.
4. Update teaching methods to include the latest industry trends and topics.
5. Promote skill development, upskilling, and reskilling to address evolving industry needs.

### **3. The Context:**

1. Outdated curriculum: Traditional educational systems often focus on theoretical knowledge, neglecting practical skills required by industries.
2. Skill Gaps: Graduates often struggle to find suitable employment due to a lack of relevant skills and practical experience needed by industries, resulting in limited job opportunity
3. Lack of industry exposure: Many students complete their education without having a clear understanding of the industrial requirements.

  
**Principal**  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

#### 4. The Practice:

This comprehensive practice aims to bridge the gap between education and employment. Key elements include:

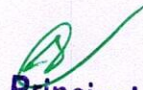

1. Industry partnerships: Formal agreements with industry for collaboration, resource exchange, and shared goals.
2. Address relevant industry topics: Incorporating latest trends, technologies, and case studies into curriculum.
3. Product surveys: Students gather insights on consumer preferences and industry demands.
4. Industry visits: Physical or virtual visits to gain firsthand knowledge of operations and work environments.
5. Guest lectures: Industry experts deliver talks to share expertise and insights.
6. Mentorship programs: Engaging industry professionals as mentors for career guidance.
7. Sponsored projects: Collaborative projects with industry partners to tackle real-world challenges.
8. Internships: Providing practical experience through industry internships.
9. Research on industrial problems: Publishing conference papers focusing on industry issues.
10. Hands-on workshops: Practical sessions using industry-specific tools and technologies.
11. Skill development courses: Offering upskilling and reskilling programs to enhance employability.

These activities aim to align academic with industry needs and provide practical exposure for better employability.

#### Constraints/Limitations:

Some constraints and limitations that are faced in implementing the above practices include:

1. Resistance to change: faculty members are resilient to modifying the existing teaching methods beyond syllabus due to University Syllabus.
2. Industry collaboration: Establishing and maintaining strong partnerships with industry partners is challenging.
3. Faculty training and readiness: Faculty members need to train and upskill in order to incorporate the latest industry topics and new teaching methodologies

  
**Principal**  
Ajeenkya DY Patil School of  
Engineering, Lohegaon, Pune

4. Resource constraints: Implementing industry connect initiatives requires additional funding, infrastructure, and industry-specific tools and equipment

5. **Evidence of Success:** To assess the level of success, student feedback was collected through a Google Form. The feedback reveals the following findings:

1. In relation to this practice, faculties have engaged in various activities. The foremost is discussing advanced topics, trends, advancements, and technologies in the industry sector. The next focus was on industry issues, problems, and challenges. Next to it, faculties emphasized skill development courses available in the market related to the subject. And faculties organized guest lectures by industry professionals, among other activities.
2. 95.8% of students (1801 out of 1879 respondents) believe that the practices will secure employment after completing their education.
3. 95.4% of students (1793 out of 1879 respondents) reported gaining practical experience and skills through the implemented practices.
4. 89% of students (1672 out of 1879 respondents) mentioned being exposed to industry practices through the initiatives.
5. 66.65% of students (32.1% extremely agree + 34.55% significantly agree) believe that the level of employability has increased through the implemented practices.

**6. Problems Encountered and Resources Required:**

Problems that are encountered during the implementation of this practice include less adaptability to change, limited industry participation, and resource constraints. Resources required to implement this practice effectively include:

1. Industry collaborations: Establishing and maintaining partnerships with industries across various sectors.
2. Faculty development and exchange: Providing training and workshops to faculty and faculty exchange initiatives with industry for bridging the gap between academic and industry.
3. Infrastructure: Upgrading labs, equipment, and facilities to support practical training.
4. Networking platforms: Creating platforms for students, faculty, and industry professionals

### 7.3 Institutional Distinctiveness (20)

7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

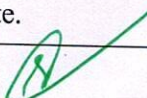

**Title:- Promoting Academic Excellence and Environmental Sustainability**

1. NABL- TCS (Testing and Consultancy Services) Lab
2. Go-Kart
3. Innovation Ecosystem
4. Center of Excellence: IIT Kanpur
5. Action for Restoring Environment

The institute takes great pride in its institutional distinctiveness, focusing on promoting academic excellence and environmental sustainability. The institute has several initiatives and clubs that contribute to this overarching goal.

#### **NABL- TCS (Testing and Consultancy Services) Lab**

The TCS Lab, a unique Testing and Consultancy Services Lab of the institute, holds a unique distinction in the Savitribai Phule Pune University (SPPU) as the only lab to achieve National Accreditation Board for Testing and Calibration Laboratories (NABL) accreditation. This accreditation, obtained in September 2021, covers a comprehensive range of 33 tests. The lab's commitment to quality and professionalism has earned them an impressive clientele, including reputed private builders, government organizations, and educational institutions. Currently, the lab serves 122 clients and has generated total revenue of Rs. 25.91 lakhs till date.

Engineering, Lohegaon, Pune**

To enhance sample collection from different sites, the lab acquired a Maruti EECO vehicle, improving efficiency. In addition to its contributions to testing and consultancy services, the lab actively supports academic excellence. It awards scholarships to meritorious students, recognizing their achievements and providing financial assistance. In the academic year 20- 21, two outstanding girl students were awarded a prize of Rs 5,000 each. Moreover, in the current year 22-23, the lab has rewarded five meritorious students with bicycles worth Rs 6,000 each. This initiative not only recognizes the students' achievements but also promotes environmental awareness among the students and society.

The lab also actively participates in the Earn and Learn scheme of SPPU, offering valuable learning and earning opportunities to 25 students. Through this program, students gain practical experience and enhance their skills while earning income. Additionally, the lab has facilitated placements for 13 students in reputed construction companies, showcasing the practical experience and knowledge gained through their time in the TCS Lab. Looking ahead, the TCS Lab has ambitious plans to expand its services and obtain NABL accreditation for its geotechnical and environmental lab by September 2023. These expansions will further enhance the lab's capabilities and contribute to its mission of providing cutting-edge services in the field. The lab's commitment to excellence, academic support, and industry exposure not only benefit its clients but also empower students and faculty members, ensuring a holistic growth and development ecosystem in the field of testing and consultancy services. Along with the TCS lab, the institute also helps to develop teamwork and communication skills of students through Go -Karting.

### **Go-Kart**

Go-Karting enthusiasts have a thrilling opportunity to participate in the Auto India Racing Championship (AIRC) organized exclusively by the institute across India. Our college boasts a unique 1 km track dedicated to go-kart racing, providing an exhilarating experience for enthusiasts. The last AIRC event attracted 28 teams from across the country, with college in- house teams showcasing their racing skills and passion. The SAE Club at the institute, in collaboration with SAE India is proud to host the prestigious Autonomous BAJA Event, drawing talented individuals nationwide. Excitingly, the institute plans to launch its own E- go kart Racing event, offering students a platform to explore electric vehicle knowledge.

### **Innovation Ecosystem**

The institute's Centre for Innovation Incubation and Entrepreneurship (CIIE) nurtures student innovation. The centre has a Technology Business Incubator (TBI), an Intellectual Property Rights (IPR) Cell, and Entrepreneurship Cells. The TBI cell is equipped with 3D printers, software, ASUS, Raspberry Pi, and a product development lab, enabling students to bring their ideas to life. Over 20 ideation sessions have been conducted, generating 100+ ideas for patents. We have published 11 patents, with 6 granted and copyrights. The Government of India sanctioned 81.9 lakhs for the 'SPRING' project. The centre aims to enhance the innovation ecosystem, empowering students as successful entrepreneurs and change-makers in their chosen fields.

### **Center of Excellence: IIT Kanpur**

The Centre of Excellence of the Computer Department excels in collaborations and offers cutting-edge courses. The centre signed MoUs with esteemed institutions like IIT Kanpur and Digital Parv. Through IIT Kanpur, the centre conducted Cyber Security courses benefiting 100 students. Additionally, the centre offered a Cloud Computing course using AWS, attracting 130 participants. Collaborating with Digital Parv and Microsoft Azure, the centre provided courses and certifications benefiting 300 students. The expertise gained through these courses has yielded remarkable results, as our students emerged as winners in the Smart India Hackathon 2022, securing the first prize. Future plans include a full-stack web development course in collaboration with IIT Kanpur. Alongside the Centre of Excellence, the Utsaah Club and Biodiversity Club stand at the forefront of our institute's commitment to excellence and sustainability.

### **Action for Restoring Environment**

The Utsaah club is a thriving community of like-minded students and faculty who are passionate about environmental sustainability and social awareness. The club organized community service initiatives such as visits to old age homes and orphanages. Through these initiatives, students learn valuable lessons in empathy, social responsibility, and the importance of making a positive impact on society. In addition to community service, the club provides opportunities for students to participate in cultural activities, allowing them to learn and innovate in their fields of interest. The club organized a paper lantern-making competition to raise awareness about sustainability and its impact on the environment.

The Biodiversity Club, on the other hand, takes a focused approach to environmental sustainability on campus, making the campus greener and healthier. This includes conducting tree plantation events to promote sustainability and creating a habitat to attract a variety of birds on the campus. Water pots are strategically placed to provide hydration for the birds, and seeds of exotic kitchen vegetables are planted in shaded areas, fostering a sustainable ecosystem. The club along with the environmental club encourages the avoidance of single-use plastics by utilizing eco-friendly bamboo or reusable alternatives. Furthermore, the institute actively practices the principles of reduce, reuse, and recycle, with one ton of material being given to vendors for recycling and ecosystem restoration. In recognition of these efforts, the institution has received two rankings on Green Institutions of India, showcasing its commitment to environmental sustainability.

Additionally, the institution has been awarded a Gold Certificate from the Swaraj Energy Foundation, highlighting its contributions to renewable energy adoption and conservation. Moreover, the institute has received two awards for its efforts in creating a green, clean, and pollution-free campus, demonstrating its dedication to maintaining an eco-friendly environment. Overall, the institute cultivates a culture of academic excellence, environmental consciousness, sustainability, and social responsibility in order to create a holistic and enriching learning environment.
