Name of the event: Installation of Aerator in Utopia Society.

Date and Time	3 rd May 2023
Event Venue	Utopia Society
Organized by	Department of Civil Engineering
Attendee's	10

Event Contents:

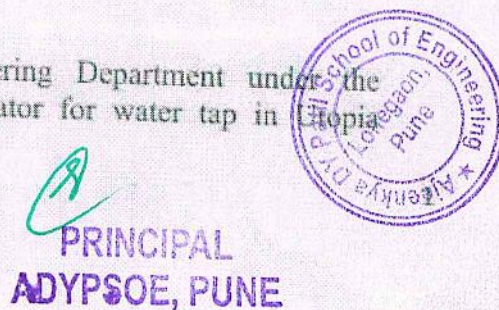

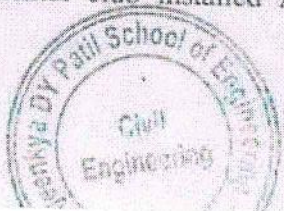

1. Improved Water Efficiency
2. Simple and Quick Installation

Program Outcome:-

1. Aerators can help reduce water consumption by up to 30%, reducing water bills and conserving water resources.
2. Faucet aerators are easy to install and require no special tools or expertise. Most aerators simply screw onto the end of the faucet and can be installed in minutes.
3. Clogged aerators can reduce water pressure, making it difficult to perform basic tasks like washing dishes or filling up a glass. Cleaning your aerator can help restore water pressure, making it easier to use your faucet.

Details of the event:

This event was organized by Civil Engineering Department under the environmental club. Environmental club installed Aerator for water tap in Utopia

Society, Moshi Pune. This event was organised by Prof. Sarika Thombare and Dr. Pallavi Kharat, under the guidance of Hod Lt. Col. Karodpati (Retd). The event executed by the Student co-coordinators and members of the environmental club. Environmental club installed 20 Aerator in Wash basins and Sinks of Utopia Society.

How do Tap Aerators Work:

Tap aerators have many small holes in the nozzle. This separates the water into different streams which means air can mix with the water, increasing the pressure and reducing the amount of water you need to use. The nozzle simply directs these many streams all in the same direction, meaning you actually end up with a stronger flow - for less water! That's some clever science for you!

for. Example- Tap aerators can reduce the flow of water by up to 10 liters per minute, taking the flow from 18 liters per minute to just 8lit. Aerators are used regularly in kitchen and bathroom taps, but they can also be used in shower heads, hot tubs, hose pipes and pond pumps.

The Benefits of Tap Aerators:

- 1) Decreased Faucet Noise. If you have noisy faucets, installing an aerator can reduce the disruptive sound.
- 2) Lower Water Bills.
- 3) High Return on Investment.
- 4) Improved Water Pressure.
- 5) Increased Filtration.
- 6) Minimized Splashing.
- 7) More Consistent Water Pressure.
- 8) Reduced Overall Water Us

"AZADI KA AMRIT MAHOTSAV"

TOPIC = THE CONTRIBUTION OF FREEDOM FIGHTERS
AND MARTYRS OF YOUR DISTRICT

The name Umaji Naik is not very familiar to people. This brave and fighting personality of history is lost somewhere in the unknown era of history itself, but whenever we turn the pages of India's history, the golden epochs of bravery of this great personality from the same dark era of history are comforting us, marking us. Marathi are eager to tell the story of the hero...

Umaji was born on 7th September, 1791 in Bhilwadi of Pune district in Khomane family of Ramoshi-Bhed Community. The Khomane family was responsible for guarding the Purandar Fort of the Swarajya, thus earning them the title of Naik. Later that became his last name.

At a young age he acquired knowledge of the traditional Ramoshi art and within a short time Umaji mastered the art. Along with this, he learned the art of using ax, arrow, sling, belt, sword and spear from his father Dadoji Naik. While Umaji was being formed on one side, the Marathi Empire was on its way. The British then captured Pune and the second Bajirao Peshwa joined hands with the British & started the administration as per their instructions. Bajirao Peshwa II, like all other forts, took away the defense of Purandar Fort from the Ramoshi community and gave it to his favourites. So the Ramoshi community was exposed and it was time for them to starve. The British harassed the ryots.

Umaji's young blood gushed forth. With the ideal of Chhatrapati Shivaji in mind he vowed that he would bring back Swaraj and took along with him, Ramoshis, Krishna Naik, Babu Solkar & with him raised the banner of-

स्वातंत्र्यसैनिक क्रांतिसिंह नाना पाटील

क्रांतिसिंह नाना पाटील (ऑगस्ट ३, १९०० - डिसेंबर ६, १९७६) हे भारतीय स्वातंत्र्यलढ्यातील सैनिक आणि स्वातंत्र्योत्तर काळातील मराठी राजकारणी होते. क्रांतिसिंह नाना पाटील हे महाराष्ट्रातील एक महत्त्वाचे क्रांतिकारक मानले जातात. त्यांचे कार्यक्षेत्र हे प्रामुख्याने सांगली सातारा या परिसरामध्ये होते.

महाराष्ट्रात (प्रामुख्याने सातारा, सांगली भागात) स्वातंत्र्य चळवळीचे नेतृत्व करणारे, तसेच पत्री सरकार किंवा प्रतिसरकार हा समांतर शासनाचा एकमेवाद्वितीय प्रयोग राबवणारे लढवय्ये राजकीय कार्यकर्ते म्हणजे क्रांतिसिंह नाना पाटील होत.

नाना पाटील यांचा जन्म सांगली जिल्ह्यातील वाळवा तालुक्यातील येडे मच्छिंद्र या गावी झाला. लहानपणापासूनच नानांना दणकट शरीराचे वरदान लाभले होते. म्हणूनच पुढील काळातही त्यांच्या भारदस्त व्यक्तिमत्वामुळेच लोक त्यांच्याकडे आकर्षित होत. शिक्षण पूर्ण झाल्यानंतर नानांनी काही काळ तलाठी म्हणून नोकरी केली. पण समाजकारण व राजकारणाची ओढ असलेले नाना लवकरच नोकरीतून बाहेर पडले. १९३० च्या सविनय कायदेभंग चळवळीपासूनच त्यांचा स्वातंत्र्य लढ्यात सहभाग होता. स्वातंत्र्यलढा आणि बहुजन समाजाचा विकास या दोन्ही मार्गांनी त्यांचे कार्य चालू होते.

१९३० च्या सविनय कायदेभंग चळवळीचे कार्य करण्यासाठी नाना पाटलांनी नोकरीचा त्याग केला. त्यांनी ग्रामीण जनतेला गुलामगिरीची जाणीव करून देऊन, जनतेला धाडसी बनवण्याचा प्रयत्न केला. नानांवर वारकरी संप्रदायाचा प्रभाव होता. तसेच लोकांच्या भाषेत प्रभावी भाषणे करून, त्यांच्यात प्रेरणा उत्पन्न करण्याची हातोटी नानांकडे होती. ग्रामीण भागातील, बहुजन समाजातील लोकांचा स्वाभिमान जागृत करून त्यांना स्वातंत्र्य चळवळीत सहभागी करून घेणे हे क्रांतिसिंहांचे प्रमुख योगदान होय.

ब्रिटिश शासनाला समांतर अशी शासन यंत्रणा उभी केली पाहिजे असा नाना पाटलांचा विचार होता. 'आपुला आपण करू कारभार' हे सूत्र त्यांनी इ.स. १९४२च्या चले जाव चळवळीत प्रत्यक्ष अंमलात आणले. आपल्या देशाचा कारभार आपणच केला पाहिजे या जाणिवेतून प्रतिसरकार ही संकल्पना नानांनी प्रत्यक्षात आणली होती. प्रतिसरकारच्या माध्यमातून लोकन्यायालये, अन्नधान्य पुरवठा, बाजार व्यवस्था यासारखी लोकोपयोगी कामे केली जात. ब्रिटिशांची राज्यव्यवस्था नाकारून त्यांनी १९४२ च्या दरम्यान सातारा जिल्ह्यात स्वतंत्र राज्याची स्थापना केली.

नाना पाटील यांच्या नेतृत्वाखाली प्रतिसरकारमध्ये विविध दलांची स्थापना झाली. त्यातल्या एका तुफान दलाची कुंडल येथे युद्धशाळा होती. या युद्धशाळेतून प्रशिक्षित अशा पाच हजारांवर जवानांच्या दोनशे शाखा स्वातंत्र्यपूर्व काळात गावोगाव काम करीत. तलवारी, जांबिया या परंपरांगत हत्याराबरोबरच पिस्तूल बाँबगोळे फेकण्याचे प्रशिक्षण या जवानांना होते. प्रतिसरकारने गावटग्यांवर बसवलेल्या दहशतीमुळे या सरकारची पत्री सरकार अशी ओळख तयार झाली.

या प्रतिसरकारच्या माध्यमातून बाजारव्यवस्था, अन्नधान्य पुरवठा, भांडणतंटे सोडवण्यासाठी लोकन्यायालयांची स्थापना, दरोडेखोरांना-पिळवणूक करणाऱ्या सावकाशांना -पाटलांना कडक शिक्षा - अशी अनेक समाजोपयोगी कामे करण्यात येत होती. या सरकारने अंतर्गत नाना पाटील यांनी तुफान सेना

EVENT REPORT HAR GHAR TIRANGA

Tuesday, 09 August

Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag. With that aim, the NSS unit of DYPSOE started the campaign with "Tiranga Awareness Programme" organized at Savitribai Phule Pune University on 9th August 2022 at 4 pm in the evening.

'Har Ghar Tiranga' is a campaign under the aegis of Azadi Ka Amrit Mahotsav to encourage people to bring the Tiranga home and to hoist it to mark the 75th year of India's independence. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag.

At the beginning as students arrived in the University for the Event, everyone was said to take their flags and be present at Auditorium of SPPU. For this event Honorable Deputy Chief minister of Maharashtra Mr. Devendra Fadanvis was invited, he gave us a speech on importance of our national flag, history of our flag. Our team members were our Prof. Sachin Jadhav, Prof. Kunal Marathe, Prof. Ghule and our students Atharva Kapale, Pooja Kamble, Pallavi Waykar, Hrishikesh Urde, Rushi Borse. Lamp was lit up by our deputy minister then we were told to raise our flag higher to make a record that SPPU makes every year. Dance performances were done by the students of the University. Song was sung by a very nice singer and a student's. We stood for the National Anthem. Kulguru of the University were present. All the higher dignitaries were also present at the event to respect the event and celebrate 75 years of Independence by talking about our nation and about our unity. At the end everyone clicked photos with the flag and the dignitaries. Event was successful at the University. We were glad that we could visit and spread awareness about our nation and school.

the University. We were glad that we could visit and spread awareness about our nation and how many leaders sacrificed for freedom. Hoping to participate in more social cause is future to keep people aware and motivated.

Har Ghar Tiranga is a campaign to encourage people to bring the Tiranga home and to hoist it to mark the 75th year of India's independence. Our relationship with the flag has always been more formal and institutional than personal. So under the aegis of Azadi Ka Amrit Mahotsav, a campaign Har Ghar Tiranga has been launched to encourage the citizens to hoist the national Flag of India in their homes. In the above backdrop, our college NSS took initiative under the leadership of Principal Dr. F B Sayyad and encouraged all the faculty members, staff and students to hoist the National Flag at their homes as well as create awareness among them how to keep the flag at their homes.

Activity: Health Awareness Program

Date: - 3rd March 2023

Venue: - Snehwan

Activity Details:

During this 7 Days Camp students carried various physical activities. Arabics and Zumba are one of those activities where students did physical exercise with fun.

Modern-day children are surrounded by gadgets of many types – television, smartphones, video games, computers – to name a few. They require little or no physical activity. This has a negative impact on the overall health of the children. Physical activity is important for a child's development and lays the foundation for a healthy lifestyle.

During this campaign a sense of patriotism was there among all the students. Everyone seemed to be very as it was to celebrate our 75th Independence Day. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag.

The goal of NSS implies that besides gaining; understanding of concept like social structure, power, community etc. occurring in real life situation, students should acquire competence in the field of program planning, shouldering responsibilities, participation in cooperative task and promotional work in the community.

The goal of NSS is also to improve the educational approach in solving community problems. Its purpose is to help the community to recognize its needs and to assist mobilization of resources to meet these needs. NSS unit of Dr. D Y Patil School of Engineering and Technology.

Duration: 2 Hours

Start Date: 1st December 2022

Venue: Dental Campus

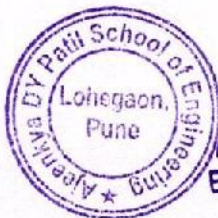

Introduction about the Program/activity:

On **World AIDS Day**, the NSS unit along with almost 100 students organized a program in **Dr. D.Y. Patil School of Engineering** to spread the awareness among everyone. The program comprised performances which focused on providing society with knowledge of HIV-AIDS and reducing its stigma from society.

Brief Description about Program/activity:

The NSS volunteers performed street play in the campus of Dr. D.Y. Patil School Of Engineering on 5th Oct 2022. The play was witnessed by around 250 students. The play was directed by the volunteers themselves where they shared facts and medically accurate information about HIV and AIDS. It was meant to bring awareness to the audience regarding the contemporary issues faced by people with AIDS in society.

Students who performed in the play were wearing the same-colored clothes i.e., Red and Black. In western culture, these are the two most sinister colors, as red typically conveys the meaning of blood, and black is that of darkness. Being a very striking combination, they can also convey a sense of power.

Introduction about the Program/activity:

A **Blood donation camp** was organized by our **NSS unit**, through which more than 150 units of blood was donated by both students and the staff members of our **Dr D.Y. Patil School Of Engineering** college.

Brief Description about Program/activity:

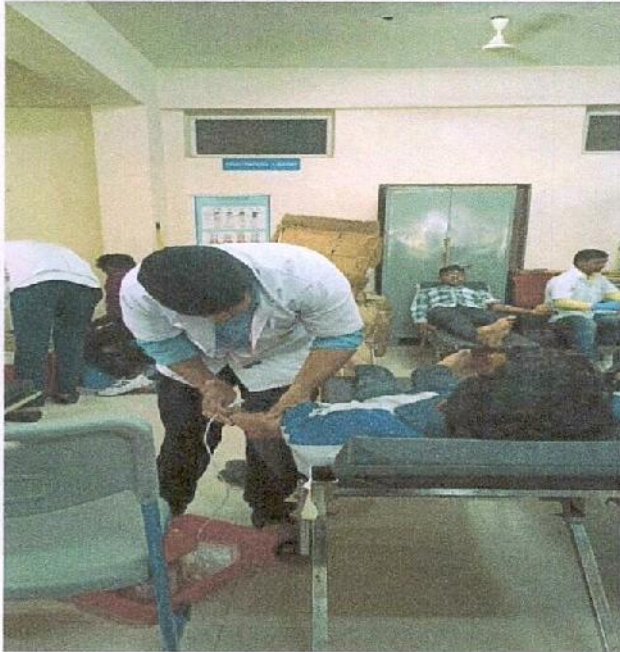

It is a way of our college in bringing a ray of hope to contribute to the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the health experts. We need 12 million units of blood every year but just about nine million units are being donated.

Our college has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing people at the camp our NSS volunteers brought awareness to them about the shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable people. Donation of blood is very critical and crucial for saving the lives of many patients and those who have met with accidents. It is such a great service or contribution to society and people living in it.

Details of the event:

We need always should care and share our happiness with others. mostly with the one who really needs it. A visit to orphanage is one of it. To go and spend time with the one who have never lived a normal typical life is far good experience to each one of us. With the same motive, NSS team visited the orphanage named 'DHYANDEEP'.

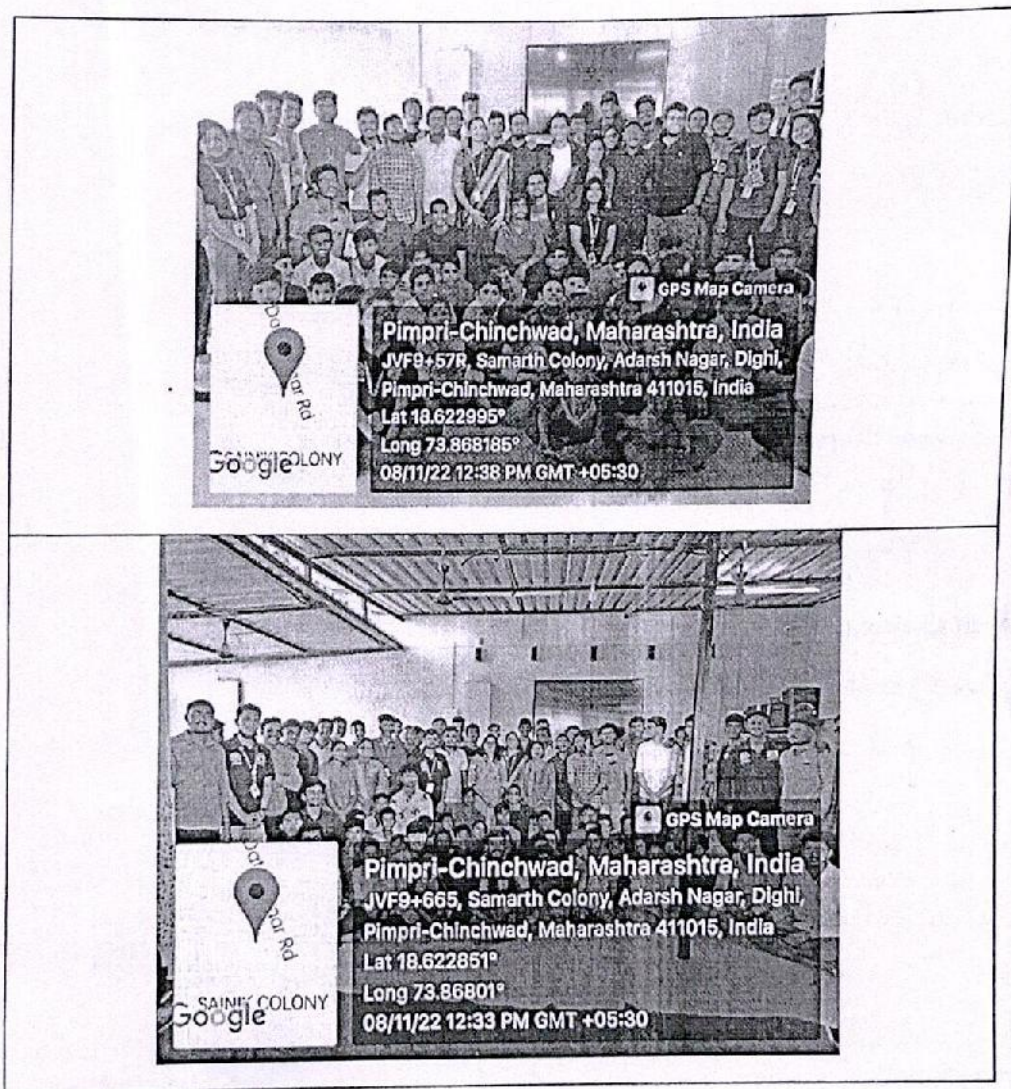

There were almost 30-40 boys' orphans living like a family there. In spite of being without parents they were well trained and mannered. They showcased their talent in front of us like dance, singing, etc.

Report of NSS Camp held at Nimgaon, Pune

The students of **Dr. D. Y. Patil School of Engineering** along with **NSS Programme officer Mr. Sachin Jadhav** sir and other two faculty members successfully conducted the first special camp after 2 years of lockdown, during **27th February 2022 to 06th March 2022** at Nimgaon village in Pune. We were blessed to have our camp at the base of **lord Khandoba temple**, the lord worshiped by the whole of Maharashtra. The team cleaned every possible area of the village and temple there.

The camp created awareness about the **mental stress** through the drama and **importance of education** and **girl child** through the street plays. Also came up with the idea of the relation between generation gaps through one of the best performances of the team. The other street play played and made everyone realize the **importance of marriage** at the right time that too of a girl, describing the motive of marriage to be done after the completion of education.

The team also did **tree plantations** around the temple. Students also had a detailed conversation with the villagers and higher authorities of the village regarding their geographical and historical information of the village.

As per the scheduled group, group 02 way started their day by waking up everyone personally in the camp.

Day 2 was a very auspicious day as it was Mahashivratri. Prayer is an expansion of total faith in the present power within and around us.....Daily the morning assembly is held after a jog, in which the National Anthem is sung followed by the NSS pledge and prayer. As it was Mahashivratri we all had fasted and spent most of the time devoting god.

"Cleanliness is next to godliness" so after morning routine and breakfasts we started Our ***Shramdaan*** with a motive of cleaning the temple. The first area cleaned was temple premises from outside thoroughly. We created awareness by making '**eco-bricks**' through waste and garbage collected which looked beautiful. We know **"actions speak better than words"**, through our actions we showed villagers and visitors that collecting garbage is much harder than throwing a single wrapper.

Later we visited the temple and came to know about the history of the temple and **lord Khandoba** along with his wives- **goddess**

Then comes the favorite part of the day-bonfire, where everyone around the fire showed off their special hidden talents.

Lunch was then followed by a village **survey**. Village survey was one of the most interacting and interesting parts to the members where we came to know the history and legacy of the village from zero till date. Which include the sayings and myths of Vada, Gram Panchayat, the history behind the name of the village -**Nimgaon**. Also witnessed the temple's history. It was the interaction between the 3rd and 1st generations. Their experiences taught us life lessons. Villagers showed their love to our members by greeting us with a rose flower, which connected us to that villager's heart.

We know goodbyes are more than just endings' though it was the end of our camp, though we were saying goodbye to everyone and everything..... somewhere we all knew that it was just the beginning of a story, so many bonds that we created in these 7 days...

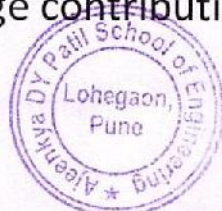

It was hard for all of us to express but we lived the most memorable 7 days of life, those 7 days were lessons for life which no doubt will make us the good person and a human

As per NSS motto 'NOT ME BUT YOU', we literally lived this line and felt its true meaning. Everyone pledged to be responsible and grateful towards society. And finally, we left with the memories which will always be treasured. With heartfelt feelings and immense satisfaction.

Special appreciation 😊

The team management was at its best throughout the time in which Mr. Hrishikesh Urde Patil, Mr. Suraj Mane,

Ms. Pooja Kamble, Mr. Nayan Jagtap, Mr. Krushnakant Bombe, Mr. Pranay Diyewar, Mr. Pawanraj Khamkar, and team. We appreciate the team for their huge contribution to external sources.

Hammering anything into a tree is intrusive and will cause harm, a tree is a living organism and an injury such as this is damaging. The outer bark layer on a tree stem protects against disease and decay, anything that breaches it can allow the entry of harmful organisms. The significance of any harm will depend on a number of factors such as the extent of the injury, the species and age of the tree and its overall condition. For example, a single nail is unlikely to cause great harm to an established tree that has natural durability such as oak or sweet chestnut but it could be more harmful to a tree with lower durability such as birch or poplar.

We the NSS unit of DYPSOE organized an event today that is nailing tree conservation 13th February 2022 to address the same problem. 40+ students were gathering to take part in this wonderful offline event following all covid protocol taking the permission from college.

The NSS members assembled in college today at 9:30 am and brought the necessary tools like Hammer, Stapler remover pincers etc. We had started our mission of make Nail Free event starting from our college area in charoli via lohgaon to entire porwal road area in lohgaon.

We started our mission from removing clipping Nails, Pins and other sharp objects stuck in precious trees. The event was carried from 10 am to 12 pm, and we successfully plucked out huge number of sharp objects stuck in tree which were hurting them. This event not only makes free the precious tree from harmful object but also increases their lifecycle which is our main mission. The deep embedded nail, rod or metal wire, which eventually disappears into tree trunk and no more visible to human eye, could result in mishaps as well. If you search the web, you'll come across incidents where people lost their limbs or reported serious injuries after the chainsaw bounced back on the victims after striking against the metal nails, rods and metal wires inside the tree-trunk. It also causes damage to the equipments. So, it's better to check such practices when we know that sooner or later every tree is going to be axed, especially if the government and the public continued to maintain their passiveness towards this highly sensitive issue of tree abuse and intentional deforestation.

What we did today, didn't free all the trees from pain however this is just a mere beginning our NSS team will keep doing such tasks in future. The deep embedded nail, rod or metal wire, which eventually disappears into tree trunk and no more visible to human eye, could result in mishaps as well. If you search the web, you'll come across incidents where people lost their limbs or reported serious injuries after the chainsaw bounced back on the victims after striking against the metal nails, rods and metal wires inside the tree-trunk. BLOOD DONATION CAMP REPORT

A Blood Donation Camp was organized by NSS Unit, D Y Patil School of Engineering, Lohagaon in association with Puna Serological Institute Blood Bank, Pune on the occasion of the 50th birthday of our beloved Honorable Chairman **Dr. Ajeenkya D Y Patil** and founders day on December 22, 2021, at D Y Patil School of Dental Lohagaon. The camp began at 10:00 A.M with a short inaugural function by Chief Guest of the Blood Donation Camp, **Mr. Prabhakar Bhagwat** and **Mr. Prabhakar Jadhav**, Trustee of D Y Patil Group in presence of **Dr. B Khedkar** Vice President of ADYPTC, **Dr. Ajay Patil** Principal Law College Nerul, **Dr. F B Sayyad** Principal DYPSOE, All HOD's and Faculties of DYP SOE.

Chief Guest Mr. Prabhakar Bhagwat encouraged all the donors by saying "Gift of Blood is Gift of Life". He thanked all the donors for the Noble steps they have taken and to help the fellow brethren. Dr. B Khedkar stressed on the growing need of blood in the state and commended the young volunteers for their noble act. Dr. F B Sayyad addressed the gathering, Blood cannot be manufactured - it only comes from generous donors to save the society and mankind, we should come forward for these Noble cause. 200 units of blood were donated by both students and the staff members of our ADYPTC. It is a way of D Y Patil School of Engineering's gesture in bringing a ray of hope to alleviate the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units.

The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing first-time donors at the camp our NSS volunteers brought awareness in them about the shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save the lives of innumerable persons. The donation of blood is very

NSS Unit Visit to Dog Shelter Petforcepune

On the momentous occasion of Republic Day, the NSS team of Dr. D Y Patil School of Engineering embarked on a noble mission to extend our support and assistance to Petsforcepune, a remarkable dog shelter located in Pune. This extraordinary organization has been operating successfully for over a decade, owing to the relentless efforts of Mr. Vinod Salvi, who founded the NGO out of his deep compassion for animals and concern for the distressing plight of stray dogs in India. Witnessing his inspiring journey has left an indelible mark on our hearts, instilling a fervent desire within us to encourage others to visit Petsforcepune and contribute to this worthy cause.

Upon arrival at the shelter, we were warmly welcomed by Mr. Vinod Salvi and his dedicated team. It was evident that their commitment to the welfare of these animals was unwavering. The shelter itself was meticulously maintained and provided a safe haven for the dogs under their care. As we interacted with the team, we were deeply moved by their passion, resilience, and unwavering dedication to ensuring the well-being of the dogs.

During our visit, we were given the opportunity to participate in various tasks that contribute to the smooth functioning of the shelter. We divided ourselves into groups, each assigned to different responsibilities. Some of us were entrusted with preparing meals for the dogs, ensuring they received adequate nutrition. The joy in their eyes as they devoured their meals was truly heartwarming. Another group of volunteers was involved in administering medications to the dogs. Under the guidance of Mr. Salvi and his experienced team, we learned about the different treatments required for various medical conditions. It was an eye-opening experience to witness the care and attention given to each individual dog, especially those who had been victims of accidents and had lost their limbs. Mr. Salvi's dedication to providing them with proper treatment and rehabilitation was truly inspiring.

In addition to our direct involvement with the dogs, we also engaged in general maintenance tasks around the shelter. We cleaned the premises, ensuring a hygienic environment for the dogs to live in. We also assisted in organizing the storage areas, ensuring that essential supplies were easily accessible. The entire experience at Petsforcepune left an indelible impact on each

member of our NSS unit. Witnessing the compassion and selflessness exhibited by Mr. Vinod Salvi and his team has motivated us to actively contribute to the cause of stray dog welfare. We are grateful for the opportunity to have worked alongside such dedicated individuals and to have made a small difference in the lives of these deserving animals.

We strongly urge everyone to visit Petsforcepune at least once to witness firsthand the extraordinary work being done for the betterment of stray dogs. Through collective efforts, we can make a significant impact and provide these innocent creatures with the love, care, and shelter they so desperately deserve. We express our deepest gratitude to Mr. Vinod Salvi and the entire team at Petsforcepune for their tireless efforts in ensuring the well-being of stray dogs. We look forward to supporting their cause in the future and spreading awareness about the importance of animal welfare.

Event Report on Youth Day

The youth is important because they will be our future. Today they might be our partners, tomorrow they will go on to become leaders. The youths are very energetic and enthusiastic. They have the ability to learn and adapt to the environment. Similarly, they are willing to learn and act on it as well to achieve their goals. Our youth can bring social reform and improvement in society. We cannot make do without the youth of a country. Furthermore, the nation requires their participation to achieve the goals and help in taking the country towards progress.

The birthday of swami Vivekananda or Vivekananda Jayanthi is on 12 January the government of India in 1984 declared this day as a national youth day. From then in India national youth day is celebrated every year on 12 January. It is a very important day for every Indian especially for the youth and children of India.

On behalf of 25TH National youth day our NSS of DYP SOE has attend the national youth day inauguration by our Honourable Prime minister Shri Narendra Modiji hosted by Pondicherry. It was 2 day event the festival began on the occasion of National Youth Day on January 12 to celebrate the birth anniversary of Swami Vivekanand. Youth Affairs secretary Usha Sharma said that the festival aims to shape the minds of India's youth and transform them into a united force for nation-building. She said that this year, in view of the emerging COVID-19 situation, the festival has been scheduled to be held virtually.

The inauguration was followed by the National Youth Summit which aims to galvanize, ignite, unite and activate the youth towards nation-building, to unleash the true potential of our demographic dividend. During the summit, the youth will get an opportunity to express their views on current issues like the environment, climate change, SDG Led Growth, technology, entrepreneurship and innovation, indigenous and ancient Wisdom, national character, nation-building among others.

"The Festival also provides an arena, by creating a mini-India, where youth interact in formal and informal settings and exchange their social and cultural uniqueness. This blend of diverse socio-cultural milieu creates Ek Bharat Shrestha Bharat," the secretary said.

Our NSS team also conducted small online event meeting regarding National youth day. 25+ student were present at online event which was started at 6 pm on 12th January 2022. It was Started by a motivational Speech by our One of NSS team member. It was really wonderful event.

EVENT REPORT ON NATIONAL GIRL CHILD DAY

Monday, 24 January

National Girl Child Day 2022 in India.

The day was first created by the Ministry of Women and Child Development in 2008 to raise awareness of the importance of girl child. An initiative to eliminate gender-based discrimination in society and to bring about a change in behaviour towards girls in this male-preferred world.

The day plays a significant role as it is based on the empowerment of girls as they are killed, aborted due to sexual abuse, face gender inequality, and lack many opportunities which are provided to boys in society. So, on this day, various ministries and multiple organisations organize events to empower girls for their betterment.

The NATIONAL Girl Child Day was celebrated on 24th January, 2022, Monday by Dr. D. Y. Patil School of Engineering, Pune in association with NSS Unit of DYPSOE. 30+ participants took part in the event. The students and faculty members participated in the event. The event started exactly at 5.00 pm in the evening. The event was anchored by Mr. Ashish and Ms. Pranali mamadapure. Mr. Ashish gave introductions and informative speech on importance of girl child then Ms. Pratiksha Kanade the Girl representative of NSS unit of DYPSOE college recited a mesmerizing poem about Daughters.

The theme of event which was selfie with daughter /selfie with sister was then presented by Mr. Rishi Urde and all these selfies submitted by the guest were presented then, we played quiz game which Ms. Nutan Arya anchored.

This event was really informative and it helps to spread the awareness to the youth of our nation. In the end Mr. Ashish gave all participants thanks then ending the event on positive note.

The Department of Civil Engineering of Dr. D. Y. Patil School of Engineering organized visit to ZILHA PARISHAD SCHOOL, HARANTALE on occasion of Chairman Ajeenkya D Y Patil Birthday on 23RD DECEMBER 2019.

Visit was organized with the prior permission and guidance of honorable Director of DYPSOE, Lohegaon. Principal and initiative of our HOD Prof.S.Karodpati and other staff of our civil Dept.

On the 23rd December 2019 Staff and students from Dr. Dy. Patil College of Engg. Lohegaon had the pleasure of visiting this Harantale village school.

The Government funding for the school is not adequate and it is through the donations from charity that further progress is made. We had distributed 29 shoes and writing material (like 2 lines, 4 lines, block note book, Pencils, Eraser, Sharpener etc.) along with 20 slates for all Primary and Anganwadi Students.

Mrs. Trupti Todkar was our host and introduced us to her staff and to the enthusiastic children. As we arrived at lunch time we saw the children eating their lunch on the porch right in front of their classrooms.

When we reached students showed a wonderful presentation of life cycle called "PATH NATYA". The energy among them was the next level. Then they come up with some poems, stories and much more.

Then we had an interactive session with them. We asked each one of them what they want to be?? Children were having different answers some wanted to become a Farmer, Doctor, Teacher, Solider, Police, Scientist, and many more

Then when we asked that why they want to choose this particular profession the answer that every child gave surprised us. They said "we want to help our parents in their work and want to serve the nation" Some students with an emotional said that they can't see their parents working so hard hence they want to make a robot just to help their parents in work.

We wished Good luck to all them for their ambitions.

Every student was very happy after receiving all these.
