Event Report

Academic Year: 2022-2023 **Semester-II**

Name of the event: **Importance of GATE for higher studies and government jobs**

Date and Time	20th March 2023 , 10:00 am to 12:00 pm
Event Venue	Online Platform (Google Meet)
Organized by	E&TC Dept
Targeted Audience	TE and BE
Resource Person	**Mr. Krishna Prasad (9+ years of exp in GATE and ESE teaching)**

Event Contents:

1. Importance of GATE exam from higher studies point of view
2. Importance of GATE from government job point of view

Details of the event:

GATE is considered as one of the main exam for higher studies (like ME or M.Tech) and few government jobs.

Many government sectors of India requires GATE qualified candidates and GATE is considered as important exam from jobs side as well as from higher studies point of view.

Even if syllabus is similar to that of engineering syllabus, GATE is difficult to crack and it needs extra efforts from students' side. This session was organized to guide our students for how to prepare for exams, which books to refer, how many subjects are there and what is the weightage for each subject etc. Aptitude is also an important subject from placements point of view so speaker guided them about how to study such subjects.

Session was concluded by Q&A session and vote of than you was given by Prof. Ashwini Bagde ma'am.

ACTIVITY REPORT

Seminar

Program Name: **Study Abroad After Engineering**

Program Date: 28th March , 2023 (11.00 am to 12.00 pm)

Speaker: Mr Rajarshi Benerjee

Business Development Manager, Jamboree Education Pvt Ltd

Venue: #531, 5th floor ADYPSOE

Faculty Co-Ordinator: Prof. M.V Ambalagi

Assistant Professor, Mechanical Engg. Dept.

About The Program:

This program was organized by Department of Mechanical Engineering Ajeenkya D. Y. Patil School of Engineering Lohegaon for SE, TE & BE Students. The purpose of above program is to know study abroad after Engineering

Topics which we are covered in Seminar are:

- Study Abroad options available for Engineering students
- Course options and related future careers
- Scholarship options
- University admissions criteria

Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

Principal
Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

- Entry exams such as the GMAT and the GRE

Objectives of Program/activity

- To awareness of Master Education
- To develop competency of Master Education in Abroad
- To understand documents required for admission
- To understand procedure to apply courses
- To get scholarship or finance support
- To understand entry exams.

Outcome of Program/Activity:

- Students aware of study Master Education in Abroad
- Students known to apply for admission
- Students understand different courses in Abroad
- Students understand Scholarship aailabilty

Event Contents:

1. How to convert idea into business
2. Challenges faced by fresher in entrepreneurships
3. Basic requirements to start the business

Details of the event:

We all gets a unique and innovative ideas once a while and many students dreams to convert that idea into business so that they can earn the money and also can become the entrepreneurs. Initially it seems very easy and simple but in reality it takes so many factors to start the actual business.

Out guest Mr.Tanmay is an entrepreneur himself having more than 8 years of experience in the field of digital marketing. He explained that we need man power, sufficient fund, backup plan and family support to start the business. Marketing plays important role to make the people aware about our idea. We need to approach people who will be benefitted by our idea and we can sell our product to them. Students asked queries and it was nicely solved by speaker.

Session was concluded by Q&A session. Vote of thank you was given by Prof. Ashwini Bagde.

1. Seminar on overview to university admissions overseas

Details of the event:

On March 17th, 2023, the Department of AI and DS held a seminar on "Overview to University Admissions Overseas." The seminar was addressed by the CEO and founder of Admitter Overseas, Mr. Naveen Bhatty. The main focus of the seminar was to provide students with guidance on pursuing higher education overseas and the benefits of doing so.

Mr. Bhatty highlighted the many benefits of studying overseas, including exposure to different cultures, access to top-quality education, and better job prospects. He also spoke about the different packages that students of different branches can receive when studying overseas.

Admitter Overseas, Mr. Bhatty's company, will provide assistance and guidance for students looking to study overseas. This includes help with visa applications, education loans, and admission to universities. The company's goal is to make the process of studying overseas as smooth as possible for students.

cut-off marks and the total number of services which comes under it. He also elaborately discussed on the exam cycle which takes an entire year to complete. He made the inquisitive students learn how to apply for the exam and then enlightened them of the various sources to refer for preparation. He explained in detail the preliminary, mains and interview part of the examinations. He also threw a light on the selection, salary offered, age limit, reservations, duration for preparation and exact time to start for preparation. Further, he addressed the students as to how to prepare and study for such exams, what memory techniques can be used to remember the huge data, method of study, use of various websites which provide assistance for competitive exam aspirants. He stressed that rigorous training, systematic planning and hard work are the keys to face the entrance exams. He finally concluded by stating that the exams are tough but not impossible to crack.

Overall, the session was highly informative and educative to the aspiring and ever-enthusiastic students. The session was followed by an interactive session with the speaker. The highly motivated students raised a variety of questions to the speaker to which he answered with unwavering enthusiasm. All together 171 students attended the talk. The vote of thanks was delivered by the Coordinator of the Alumni cell Asst. Prof. Pooja R. Nawathe

How to begin the journey of entrepreneurship

Details of the event:

Mr. Tanmay Wakankar is CEO of Mark and Make Media Pvt Ltd. It was established in June 2014. Mr.Tanmay has completed B.Tech in Production Engineering from VIT college, Pune.

In the online webinar he discussed about his own journey to set up the new firm. The challenge faced by company regarding marketing, funding etc. He motivated the students to follow their idea so that they can also start their own firm. He also discussed the importance of family support for the journey of entrepreneurship. It is not a job of 9-5 but being the businessman you are working 24/7. You are responsible for each and every thing related to your business and you have to interact with client with positivity, determination and off-course with the positive result that creates your image.

He concluded the session by answering students queries. Vote of thanks was given by Prof. Ashwini Bagde.

Event Report

Academic Year: 2021-22 **Semester-I**

Name of the event: **Higher Study Opportunities Abroad**

Date and Time	09.12.2021
Event Venue	Online (MS Teams App)
Organized by	E&TC Department
Targeted Audience	SE, TE and BE Class (E&TC)
Resource Person	**Mr. Akshay Shitole (Project Manager-Assistant)**

Event Contents:

How to plan for higher studies? How to apply for public universities? How to apply for Visa? How to write LOR? Etc.

Details of the event:

Mr. Akshay Shitole has completed BE in Mechanical engineering in 2017. He has completed MBA (International Business) from Germany. He has more than 8 years of experience as Project Manager assistant. Our students are very interested to go for higher studies abroad but as it is an unknown area, unknown process they have this fear to apply for foreign universities. To encourage them we have organized this session to solve their all queries. He explained it is good if student apply for winter season as courses are good in that period. He also told that doing part time job is always good as we get the financial support. We need really good LOR for applying for universities. He also explained the selection process after we apply for college. Students can also do the job after completing their education in abroad.

It was interactive session and guest solved all the queries of students. Vote of thanks was given by Prof. Ashwini Bagde.

Details of the event:

The department of Mechanical Engineering had organized guest lecture on "**Study abroad after engineering**" for the benefit of pre-final year students and Third year students of D Y Patil School of Engineering. Mr. Shreyas Ramakrishnan, Regional Head - West, Jamboree Education Pvt. Ltd was the resource persons for this training program.

During the formal inaugural session, Prof. Pooja R. Nawathe, Coordinator of Training and Placement welcomed the gathering and also introduced resource persons to the students.

In first session he discussed Engineering is growing as a field of study in colleges around the world as people continue to realize how important, interesting and lucrative this field is.

Engineering uses many different areas of knowledge in the construction of machines and devices. Students in engineering are well prepared to put their skills to use in a variety of interesting careers, from building cars, spaceships, and computers to designing environmentally friendly electrical systems.

Few engineering majors in the U.S. decide to study abroad, which makes sense -- an engineering course load is enough work as it is! However, there are quite a few top-rated engineering programs internationally that would be the perfect place to continue your technical studies, while also having the opportunity to study another language and explore a new country.

In second session he discussed about different exams like GMAT and GRE.

What is the GMAT?

Accepted by more than 7,000 management programs in India, US and other countries, GMAT® is a computer adaptive test that assesses analytical writing, quantitative and verbal skills of students applying for MBA and similar courses to a graduate school of business. The GMAT® Exam has been the test of choice for world's leading business schools for one reason – it works. Quite simply, no other exam lets you showcase the skills that matter most in the business school classroom and in your career.

The examination is entirely computer-based and scored on a maximum of 800. Though the GMAT score alone cannot guarantee admission into a B-school, it is one of the major factors taken into consideration.

The GMAT® has four sections – Verbal, Quantitative, Integrated Reasoning and Analytical Writing Assessment. The following is the GMAT® test structure.

What is the GRE?

A standardized test, the Graduate Record Examination (GRE) measures verbal, mathematical and analytical writing skills of students aspiring to undergo their graduate studies abroad. The test intends to aid graduate schools (of all fields other than business) in assessing an applicant's potential for advanced study. Most universities in the US, while inviting applications for MS programs, ask for GRE® scores.

The examination is entirely a computer-based test, and no two students get an identical set of questions. The test is scored on a maximum of 340. The GRE® score alone cannot guarantee admission into a university or college - the test is only one of the major factors taken into consideration in the long process of an applicant getting admitted into the program that they desire.

The GRE® test has three parts - Quantitative, Verbal and Analytical Writing Assessment. The following is the GRE® test structure:

At the end of the day program concluded with Questions and feedback from students and vote of thanks by Coordinator.

Date and Time	20TH OCTOBER 2020 6:00-7:00 PM
Event Venue	WEBINAR
Organized by	Mechanical Engineering Department
Targeted Audience	All Over India Aspiring Engineering Students

EVENT CONTENTS:

Department of Mechanical Engineering of DYPSOE and Mechanical Engineering Student Association arranged a webinar on "Opportunities after GATE for jobs and higher education".

The objective of the webinar was to highlight the opportunities after GATE for jobs and higher education. In the wake of pandemic and study from home culture, it became essential to give the information related to GATE examination. To deliver the webinar we had **Dr. H. G. Phakatkar** (Director Gateway Institute Pune, Ph.D., M.E., B.E. Mechanical engineer from COEP Pune)

DETAILS:-

To begin with Kaustubh Dhawale greeted everyone at the webinar and welcomed the guests. The portal was then handed to Dr. H. G. Phakatkar. He initiated by enumerating the reasons to appear for the exam. He talked about the opportunities a student can get after qualifying

Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

Principal
Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

the exam.

- Higher education
- Placement in PSUs
- Placement in various other industries
- To know your ranking when competing at national level

He then explained about the pattern of the exam. The type of questions with example. He also emphasized on the ideology and the intent behind every question, whether the question is testing the student's ability to recall or mindfully applying the acquired knowledge.

He also gave the required information for the exam like the changes in GATE exam pattern this year, the important dates and general instruction.

In the second half of his session he took on the detailed view of higher education and jobs. In the higher education section he talked about all the opportunities and colleges with their respective previous year cut-offs. He also explained his study of average packages a student can get after pursuing post-graduation courses.

While talking about jobs, he gave a detailed job description in all the leading PSUs recruiting through GATE and later the private sector giants who also recruit via GATE.

It was an extremely elaborate and important session for any aspiring candidate. The speakers were very motivating and helpful.

Name of the Event: A webinar on "Challenges and Opportunities in Data Science and Machine Learning Industry"

Students Involved: SE to BE students from DYPSOE and DYPSOET

Date: 07/11/2020, Saturday

Venue: Microsoft Teams meeting

Report:

A webinar was arranged for the engagement of students towards developing their interest in the field of Data Science and Machine Learning.

The speaker for this event was Mr. Karthik Jannu (Creator – The Art of Data Science, Currently at Amazon).

Over 200 students attended the webinar and the video has been posted on YouTube - https://youtu.be/jnlahwK1MhI

Prof. Pooja Shinde welcomed the audience and gave a brief introduction about the speaker.
Mr. Karthik Jannu gave the students detailed information about –

a. What is Data Science/Machine Learning?
b. Where do we apply them?
c. What are the challenges in this industry?
d. What is the future?
e. How do I get started?
f. Q&A

The students provided feedback through the google form link provided to them by the speaker. The feedback was very positive.

"Tech-Buzz of IoT and Startup-Business"

Guest Lecture Report

Name of the Event: A Guest Lecture on "Tech-Buzz of IoT and Startup-Business"

Students Involved: SE to BE students of Computer Engineering Department from DYPSOE.

Date: 19/11/2020, Saturday

Venue: Microsoft Teams meeting

Report:

A guest lecture was arranged for the engagement of students towards developing their interest in the field of Internet of Things.

The speaker for this event was **Mr. Rahul Sarawale** (Software developer, Kemper System, Mumbai) and **Prof. Mahesh Patil** (Assistant Professor, Department of Electronics & Tele communication, JSPM's Imperial College Of Engineering-ICOER, Wagholi, Pune).

Over 175 students attended the webinar and the video has been posted on YouTube- https://youtu.be/YcPNqgmXqpU

Prof. Pooja Shinde welcomed the audience and gave a brief introduction about the speaker.
Mr. Rahul Sarawale and Prof. Mahesh Patil gave the students detailed information about –

a. What is IOT?
b. Where do we apply them?
c. What are the challenges in this industry?
d. What is the future?
e. How do I get started?
f. Q&A

The students provided feedback through the Google form link provided to them by the Prof. Vishal Borate. The feedback was very positive.

Event Report

Academic Year: 2020-21 **Semester-I**

1. Name of the event: Seminar on Career Opportunities of Strength of Material in Automotive Sector

Date and Time	15th April 2021 & 12:00 pm to 02.00 pm
Event Venue	Microsoft Teams
Organized by	Mechanical Engineering Department
Audience	170 (S.E. Students)
Resource Person	Mr. Vishal Bhat

2. Event Contents:

1. Introduction to Modern technology in Automotive Sector
2. Why use it
3. Conceptualization
4. Marketing
5. Advantages and Application

3.1 Details of the event:

A Seminar on Career Opportunities of Strength of Material in Automotive Sector is organized on 15th April 2021 for Second Year students of Department of Mechanical Engineering, Dr D Y Patil School of Engineering, Lohegaon, Pune. The presentation will be conducted by Mr. Vishal Bhat, presently associated with John Deere Ltd., Pune. His valuable suggestions and guidance is useful for students to achieve their correct objective in future.

3.2 Introduction to Modern technology in Automotive Sector

In modern trend of increasing more power and torque demand from smaller vehicle, many engine manufacturers are moving towards developing new concepts in engine design. The requirement not only includes low weight and high strength material, bit also modern

design techniques and manufacturing methodology. The seminar includes all the modern trend and concepts used in new generation engine design.

Applications

- Reduce Development Costs
  - Cut traditional prototyping and tooling costs.
  - Identify design errors earlier.
  - Reduce travel to production facilities.

Details of the event:

A Workshop on "**future opportunities in industry as design engineer**" was organized on 27 & 28th May 2021 for all SE, TE & BE students of Department of Mechanical Engineering, Dr. D Y Patil School of Engineering, Lohegaon, Pune. The first day1 topic what is design and software used for design was delivered by Mr. Khangendra sarode KCAD Solution Pune

Sir has 7 year experience in the field of design In day1, the speaker discussed first about basics of Design and software used in industry for design, etc. Later he moved on to the basics of catia software and how to draw 2D diagram, 3D diagram and how to assemble the components.

The day2 topic plastic design was delivered by Mr. Pavan Mali speaker also discussed various software of design and started with plastic design processes and sir also discussed the processes of plastic moldings processes such as injection moldings processes, etc.

At later end of workshop, audiences were shown different case studies done by guest himself through his carrier told students as to how to approach the problem, how to design the components.

In industry basically which software mostly used for design speaker discussed with students.

In question & answer session, students were keen to ask their doubts with regards to Design.

A Report of Webinar on Career Opportunities in Ferrous Metallurgy

Date: - 13th May 2021

Date and Time	13th May 2021 & 10:00 am to 12.00 Noon
Event Venue	Microsoft Teams
Organized by	Mechanical Engineering Department
Audience	104
Resource Person	Prof. Amit Shinde

Details of the event:

A webinar on "**Career Opportunities in Ferrous Metallurgy**" was organized on 13th May 2021 for all SE & ME students of Department of Mechanical Engineering, Dr. D Y Patil School of Engineering, Lohegaon, Pune. The webinar was delivered by Prof. (Retd.) Shekhar Jeurkar.

Sir has vast experience in the field of Metallurgy and now is looking after his own consultancy. In webinar, the speaker discussed first about basics of Metallurgy, structure-property correlation, etc. Later he moved on to core topics on Ferrous Metallurgy like Iron-Iron Carbide diagram, TTT diagrams and its relevance, Heat treatment processes. Finally he linked the application part of it with real life examples in our day to day activities.

The speaker also discussed various dimensions of steels and cast iron. Applications of Steel & Cast Iron were discussed in greater details. Speaker stressed on the increasing use of cast iron as an engineering material, particularly White cast iron.

At later end of webinar, audiences were shown different case studies done by guest himself through his consultancy and told students as to how to approach the problem, selection of various engineering materials for different applications and identification of engineering materials through spark test.

Event Report

Academic Year: 2020-21 Semester-I Date: 20/09/2020

Name of the Event: A WEBINAR ON "CAREER OPPORTUNITIES IN MECHANICAL ENGINEERING"

Date and Time	20th September 2020 11:00-12:15 PM
Event Venue	Online
Organized by	Mechanical Engineering Department
Targeted Audience	All Over India Aspiring Engineering Students

EVENT CONTENTS:

Department of Mechanical Engineering of DYPSOE and Mechanical Engineering Student Association arranged a webinar for all aspiring engineering students i.e., All 12th science and diploma pass out students.

The focus of the webinar was to highlight the opportunities in the mechanical field of engineering. To deliver the webinar we had **Dr. H. G. Phakatkar** (Director Gateway Institute Pune, Ph.D., M.E., B.E. Mechanical engineer from COEP Pune) and **Dr. Smita Thorat** (Global Career counselor UCLA certified, Ph.D ,M.Sc.).

DETAILS:-

To begin with Kaustubh Dhawale greeted everyone to the webinar and welcomed all the guests. The portal was then handed to Dr. H. G. Phakatkar. He initiated by enlisting the different aspects of the degree course required by any student for successful completion of mechanical engineering. He carefully oriented the students to study for 'Outcome based education', which means not studying just to score, but to thrive in that field, a student should objectify the outcome of the subject. Along with OBE he also instilled the importance of value addition, a student should try to gain skills related to the field, should get certification of those skills which are relevant to the industry. A student should also work on his aptitude

skills like, logical reasoning, quantitative aptitude and English communication. In this half he covered what a student should do during his 4 years of course to open doors to numerous opportunities after degree. And in the later half he enlisted the different options a student has, whether be it higher education, or be it jobs in public as well private sectors. He listed all the higher education exams and options available to a student and what all one has to do in 4 years to get that. Further he illustrated all the job options a mechanical engineer can land after degree.

The second half of the webinar was taken by Dr. Smita Thorat, she also shared her experience as a career counsellor. She elaborated on what all the companies look for in a candidate when they look for a mechanical engineer. She also laid out simple algorithm a student should follow while learning anything, which was to start with "WH", question everything in what, why, when etc., using this method clarifies any concept and makes it easy to remember. She debunked all the myths concerning career options available after mechanical engineering. Later she also highlighted all the higher education options abroad, and ways to get there.

It was an extremely elaborate and important session for any aspiring candidate. The speakers were very motivating and helpful. Total 100 students and 5 parents attended this online session. The session was coordinated by Prof. V. M Ghule (MESA faculty Advisor) under the guidance of Prof. R N Garad (HoD Mechanical Engineering) and Dr.F B Sayyad (Dean Academic)

Details of the event:

A webinar on **"Career Opportunities in Ferrous Metallurgy"** was organized on 13th May 2021 for all SE & ME students of Department of Mechanical Engineering, Dr. D Y Patil School of Engineering, Lohegaon, Pune. The webinar was delivered by Prof. (Retd.) Shekhar Jeurkar.

Sir has vast experience in the field of Metallurgy and now is looking after his own consultancy. In webinar, the speaker discussed first about basics of Metallurgy, structure-property correlation, etc. Later he moved on to core topics on Ferrous Metallurgy like Iron-Iron Carbide diagram, TTT diagrams and its relevance, Heat treatment processes. Finally he linked the application part of it with real life examples in our day to day activities.

The speaker also discussed various dimensions of steels and cast iron. Applications of Steel & Cast Iron were discussed in greater details. Speaker stressed on the increasing use of cast iron as an engineering material, particularly White cast iron.

At later end of webinar, audiences were shown different case studies done by guest himself through his consultancy and told students as to how to approach the problem, selection of various engineering materials for different applications and identification of engineering materials through spark test.

Event Report

Academic Year: 2020-2021 **Semester-II**

Name of the event: 2 Days Workshop on "Research Opportunities and Innovation in Civil Engineering Field"

Date and Time	20th May to 21st May Time-3:00-5:00 pm
Event Venue	Online platform Microsoft team
Organized by	Department of Civil Engineering
Targeted Audience	65 Numbers [188]
Resource Person	**Dr. Nilesh Mate** **Dr. Subhash V Patankar**

Event Contents:

1. Linear Time History Analysis and Non-linear History Analysis
2. Forton Program
3. Incremental Dynamic analysis and Blast loading
4. Introduction to Fly ash and Utilization of Fly ash
5. Geopolymer concrete and examples
6. Curing

Ajeenkya DY Patil School of Engineering ★ Lohegaon, Pune

Program Outcome: -

A) From the session conducted by Dr. Nilesh Mate on Recent Advances in Structural Dynamics we came to know following outcome of the session:
1. Dr Mate briefed about the Linear Time History Analysis and Non-linear History Analysis with some examples of earthquake resistant structures in Simple manner.
2. Dr Mate also explained the Performance based analysis such as Incremental Dynamics analysis and Seismic analysis.
3. Dr Mate Sir explained about the FORTON program and MATLAB program.

B) From the session conducted by Dr. Subhash V Patankar on Cementless Concrete we came to know following outcome of the session:
1. Dr S V Patankar Sir briefed us about the Fly ash Concrete its application with effects.
2. Dr S V Patankar Sir explained us about the percentage of cement in concrete and also

by studying the Geoplymer concrete.

3. Dr S V Patankar informed us about the curing and also about the real examples of Cement concrete structures.

Details of the event:

Our Civil Engineering Department organized a 2 Day Workshop on 'Research Opportunities and Innovation in Civil Engineering Field' from 20th May to 21st May 2022. It was conducted on online platform Microsoft Team app. We had invited resource persons from various renowned institutes and the person was having vast experience in teaching field. To invite the faculties from other institute we had published broacher of FDP and sent to faculties through mail, social media etc. The Workshop was of free of cost and the E-Certificates was sent to each participant through mail by submitting the Feedback form. We also created what's app group to post any changes or content of Workshop.

List of Resource Persons with Date and Title of the Topic:

1) Dr. Nilesh Mate on 20th May 2022 Topic: - Recent Advances in Structural Dynamics
2) Dr. Subhash V Patankar on 21st May 2022 Topic: - Cementless Concrete

We had sent invitation letter to each Resource person through mail. We immediately received a Positive response from them. We prepared schedule and as per convenient to resource persons and participants we fixed the time at 03:00 pm. Total registered participants were 130. Attendance was also taken on each day with Feedback of each resource person. On 2nd Day Feedback of overall Workshop was took and after submitting it all the participants received E-certificate by mail.

Role of Civil Engineering Faculty in FDP:
A) Convener of FDP:
1. Lt.Col. S M Karodpati – HOD Civil Engineering
2. Dr R C Katdare – Assistant Professor, Civil Engineering

B) Co-Ordinator of FDP:
1. Miss.S.R. Kokate - Assistant Professor

Counseling Lecture Report

Academic Year: 2020-2021 **Semester-II**

Topic: **"Education in abroad countries"**

Date and Time	19/03/2021
Event Venue	Online
Organized by	Department of Civil Engineering
Targeted Audience	BE
Resource Person	**Uday Chaudhari**

Details of the lecture:

Countries to Study Abroad:

United Kingdom -

- The UK has some of the best and highest ranked engineering schools in the world.
- Some Universities in UK - Oxford Brookes University, University of Cambridge

Canada

- Canada considers Masters as a Diploma and not a Degree

New Zealand

- New Zealand considers Masters as an Undergraduate program

USA

- Education is quite expensive in comparison with other countries

Australia

- Some Universities are good like RMIT University ,Sydney University

Eligibility :

Ajeenkya DY Patil School of Engineering Lohegaon Pune

D. Y. PATIL SCHOOL OF ENGINEERING CIVIL ENGINEERING DEPARTMENT Dr. D. Y. Patil

Principal
Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

Students who are looking to pursue higher education abroad would have to appear for language exams such as the **IELTS**, **TOEFL** and **PTE** and general exams such as **SAT**, **GMAT**, **GRE** and **ACT** to be eligible for the same.

Selecting an University:

1. Make sure you've chosen the right subject
2. Consult university rankings
3. Check the course content
4. Check Cost of living in that country

Educational Councilors:

An educational counselor is responsible for assisting and giving leadership and guidance to the student body.
Some Education councilors in Pune:

- Canam Consultants Pune
- TC Global

Student life in Abroad:

- English Vocabulary skills are necessary in English speaking countries.
- Project work and practical knowledge are very much needed.
- Very serious about Plagiarism of work

Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

Dr. D. Y. PATIL SCHOOL OF ENGINEERING CIVIL ENGINEERING DEPARTMENT

Principal
Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

- Student need to be self-sufficient in every aspect of their life - cooking own food , doing home chores

Outcomes:

The students learned following things:

- Which Country to select for studies according the interest of students.
- How to choose universities according to the eligibility.
- Importance of research work for B.E students as plagiarism of work is very important while studying in abroad.
- Education councilors work and eligibility for abroad universities
- Student life in abroad countries in general.

Event Report

Academic Year: 2019-20 **Semester-II**

Name of the event: Seminar on XPLORICA-GATE PREPARATION

Date and Time	16TH MAY 2020 10:00-11:00 AM
Event Venue	Online
Organized by	Mechanical Engineering Department
Targeted Audience	All Over India Engineering Students

EVENT CONTENTS:

Department of Mechanical Engineering of DYPSOE, organized a webinar series under the XPLORICA CATCH THE VISION. On day 4 of a 6 day online webinar series, we had **Mr. PARESH GUGALE,** M.Tech M.B.A. from NITIE Mumbai. All India G.A.T.E. Rank 21 & 121, professional motivational speaker and founder of I2E academy.

DETAILS:-

To begin with Amar Patil greeted everyone at the webinar and welcomed the guest. The portal was then handed to Mr. Paresh Gugale. He initiated his talk with his brief introduction. He created an interactive and positive environment in the webinar. He began with the very fundamental question of life, 'why birth?' And enlisted every ups and down in a typical engineering students life, guiding us to the next big question 'what after graduation?'. From this he lead us to the Graduate Aptitude Test in Engineering often abbreviated as GATE.

Highlighting the importance of the exam he enlisted three different paths that open up for a student as soon as he clears the exam

1. Direct job: Once a student clears his/her gate qualifying exam he or she has an assortment of PSUs and private companies like BHEL, SAIL, etc. ready to hire them.
2. Technical Post Graduation: pursuing a technical post-graduation degree becomes a viable option for such students. And gates of prestigious institutes like IITs NITs IISc opens up for them, further research

opportunities in DRDO, ISRO like institutes are also offered in the tech field. The student can also apply for universities out of the country too via CSIR, JRF and PMRF fellowship programs.

3. Non-technical Post graduation: Institutes like NITIE offer a non tech post-graduation in management courses in engineering, also a very lucrative career option.

Then he also elaborated on the exam pattern of the GATE i.e., 65 questions 55 technical questions and 10 aptitude questions. And addressed common myths about the score by showing a marksheet of one of his students.

He further explained the scoring pattern of the exam, and what is safe score for the jobs and PG. He also highlighted the ideal timeline of the exam preparation for students of 2nd and 3rd year.

The session concluded with the question and answer round.

Activity 1

Awareness Session on GATE/IES/PSUs

Date: - 31st October 2018

1. What are GATE/IES/PSUs?
2. Preparation strategy

An awareness session on GATE/IES/PSUs was conducted by Prof. Amit Shinde, Prof. Aniket Thawkar & Prof. Yogesh Danekar internally at department level for interested students of SE, TE & BE on 31st October 2018 in Room No. 128.

In this session, we tried to make students aware about various opportunities they have in the field of competitive exams after completion of Engineering like Graduate Aptitude Test in Engineering (GATE), Indian Engineering Services (IES) conducted annually by UPSC and recruitment of Graduate Engineer Trainees/Executive Trainees in various PSUs like NTPC, IOCL, BPCL, and BHEL etc. through GATE every year.

Students were given detailed presentation on each exam by three different faculties. They were explained about exam process, opportunities they provide in career ahead, exam process, selection, pattern, syllabus, cut-offs of previous exams and various other things.

Students were happy to learn about various exams conducted annually in India and they look forward to prepare for competitive exams in coming years.

Total attendees are 70 including 03 faculties.

Report:

ACE had organized `` Salesforce Career Awareness" on 8th July 2019. The session time was from 10.00 to 12.30 in the morning. The session was started with introductory speech by ACE co-ordinator Prof Yogesh Mali, and then it is followed by Mr. Niranjan Mankame founder of Cloudalyze InfoTech. While speaking about Salesforce he started with 1.1 million jobs will be created in the Indian Salesforce ecosystem by 2022. You'll have the chance to connect with employers towards the end of your journey & It's FREE. Jump-start learning the skills you need for a career in the Salesforce ecosystem. Benefit from the knowledge and experience of our Trailblazer Community.
Then during the session he covered up with following points.
What is CRM? – Gave brief insight of what is a CRM and how it. is used in various industries.

What is Salesforce? – Gave a detailed insight of what salesforce is. The various clouds that it provides to its customers and industry use cases of Salesforce.

What is Trailhead? – Explained in detail how salesforce provides a FREE learning platform for new people to learn configuring and customizing salesforce. Also gave details of the Journey2Salesforce program which is available for onboarding new folks who want to explore this as a Career option. Details of Signing up and the program benefits are detailed on this below link.
