AICTE ID - 1-3847411

AISHE Code: C-46648

DTE Code: EN6732

SPPU PUN Code: CEGP015720

(Approved by AICTE, Recognized by Govt. of Maharashtra, Affiliated to Savitribai Phule Pune University)
(Accredited by NAAC, NABL & ISO 9001:2015 & 21001:2018 Certified Institute)

Institute Distinctiveness

## Promoting Academic Excellence and Environmental Sustainability

The key areas where the institute has initiated quality measures:

1. NABL- TCS (Testing and Consultancy Services) Lab
2. Go-Kart
3. Innovation Ecosystem
4. Center of Excellence: IIT Kanpur
5. Students Chapter: Society for Data Science
6. Action for Restoring Environment

The institute takes great pride in its institutional distinctiveness, focusing on promoting academic excellence and environmental sustainability. The institute has several initiatives and clubs that contribute to this overarching goal.

NABL- TCS (Testing and Consultancy Services) Lab:

The TCS Lab, a unique Testing and Consultancy Services Lab of the institute, holds a unique distinction in the Savitribai Phule Pune University (SPPU) as the only lab to achieve National Accreditation Board for Testing and Calibration Laboratories (NABL) accreditation. This accreditation, obtained in September 2021, covers a comprehensive range of 33 tests. The lab's commitment to quality and professionalism has earned them an impressive clientele, including reputed private builders, government organizations, and educational institutions. Currently, the lab serves 122 clients and has generated total revenue of Rs. 25.91 lakhs till date. To enhance sample collection from different sites, the lab acquired a Maruti EECO vehicle, improving efficiency. In addition to its contributions to testing and consultancy services, the lab actively supports academic excellence. It awards scholarships to meritorious students, recognizing their achievements and providing financial assistance. In the academic year 20- 21, two outstanding girl students were awarded a prize of Rs 5,000 each. Moreover, in the current year 22- 23, the lab has rewarded five

1

meritorious students with bicycles worth Rs 6,000 each. This initiative not only recognizes the students' achievements but also promotes environmental awareness among the students and society. The lab also actively participates in the Earn and Learn scheme of SPPU, offering valuable learning and earning opportunities to 25 students. Through this program, students gain practical experience and enhance their skills while earning income. Additionally, the lab has facilitated placements for 13 students in reputed construction companies, showcasing the practical experience and knowledge gained through their time in the TCS Lab. Looking ahead, the TCS Lab has ambitious plans to expand its services and obtain NABL accreditation for its geotechnical and environmental lab by September 2023. These expansions will further enhance the lab's capabilities and contribute to its mission of providing cutting-edge services in the field. The lab's commitment to excellence, academic support, and industry exposure not only benefits its clients but also empowers students and faculty members, ensuring a holistic growth and development ecosystem in the field of testing and consultancy services. Along with the TCS lab, the institute also helps to develop teamwork and communication skills of students through Go-Karting.

Go-Kart:

Go-karting enthusiasts have a thrilling opportunity to participate in the Auto India Racing Championship (AIRC) organized exclusively by the institute across India. Our college boasts a unique 1 km track dedicated to go-kart racing, providing an exhilarating experience for enthusiasts. The last AIRC event attracted 28 teams across the country, with college in-house teams showcasing their racing skills and passion. The SAE Club at the institute, in collaboration with SAE India is proud to host the prestigious Autonomous BAJA Event, drawing talented individuals nationwide. Excitingly, the institute plans to launch its own E- go kart Racing event, offering students a platform to explore electric vehicle knowledge.

Innovation Ecosystem:

The institute's Centre for Innovation Incubation and Entrepreneurship (CIIE) nurtures student innovation. The center has a Technology Business Incubator (TBI), an Intellectual Property Rights (IPR) Cell, and Entrepreneurship Cells. The TBI cell is equipped with 3D printers, software, ASUS, Raspberry Pi, and a product development lab, enabling students to bring their ideas to life. Over 20 ideation sessions have been conducted, generating 100+ ideas for patents. We have published 11 patents, with 6 granted and copyrights. The Government of India sanctioned 81.9 lakhs for the 'SPRING' project. The center aims to enhance the innovation ecosystem, empowering students as successful entrepreneurs and change-makers in their chosen fields.

Principal
Ajeenkya DY Patil School of

2

Center of Excellence: IIT Kanpur:

The Centre of Excellence of the Computer Department excels in collaborations and offers cutting-edge courses. The center signed MoUs with esteemed institutions like IIT Kanpur and Digital Parv. Through IIT Kanpur, the center conducted Cyber Security courses benefiting 100 students. Additionally, the center offered a Cloud Computing course using AWS, attracting 130 participants. Collaborating with Digital Parv and Microsoft Azure, the center provided courses and certifications benefiting 300 students. The expertise gained through these courses has yielded remarkable results, as our students emerged as winners in the Smart India Hackathon 2022, securing the first prize. Future plans include a full-stack web development course in collaboration with IIT Kanpur. Alongside the Centre of Excellence, the Utsaah Club and Biodiversity Club stand at the forefront of our institute's commitment to excellence and sustainability.

Students Chapter:- Society for Data Science(S4DS):

The Society for Data Science (S4DS) is a renowned organization dedicated to advancing the field of data science. Establishing a student chapter allows for the creation of a local community that can engage in activities such as workshops, seminars, and collaborative projects, enhancing the learning experience for students interested in data science. A student chapter for the Society for Data Science is a significant step towards creating a dynamic and collaborative community of future data scientists.

By collaborating with S4DS and seeking guidance, we aim to ensure a seamless integration of the student chapter into the broader data science community. Through regular feedback and evaluation, we aspire to continuously enhance the student experience, creating a thriving ecosystem that empowers the next generation of data scientists.

Action for Restoring Environment:

The Biodiversity Club, on the other hand, takes a focused approach to environmental sustainability on campus, making the campus greener and healthier. This includes conducting tree plantation events to promote sustainability and creating a habitat to attract a variety of birds on the campus. Water pots are strategically placed to provide hydration for the birds, and seeds of exotic kitchen vegetables are planted in shaded areas, fostering a sustainable ecosystem. The club along with the environmental club encourages the avoidance of single-use plastics by utilizing ecofriendly bamboo or reusable alternatives. Furthermore, the institute actively practices the principles of reduce, reuse, and recycle, with one ton of material being given to vendors for recycling and ecosystem restoration. In recognition of these efforts, the institution has received two rankings on Green Institutions of India, showcasing its commitment to environmental sustainability.

Principal
Ajeenkya DY Patil School of

3

Additionally, the institution has been awarded a Gold Certificate from the Swaraj Energy Foundation for making 1000+ people energy literate, highlighting its contributions to renewable energy adoption and conservation. Moreover, the institute has received two awards for its efforts in creating a green, clean, and pollution-free campus, demonstrating its dedication to maintaining an eco-friendly environment. Overall, the institute cultivates a culture of academic excellence, environmental consciousness, sustainability, and social responsibility in order to create a holistic and enriching learning environment.

NABL-TCS(Testing and Consultancy Services Lab)

Testing and Consultancy Services Laboratory

Dr. D Y Patil School of Engineering

<u>Report on Formation and Progression of Testing and consultancy in Civil Engineering Department of Ajeenkya D Y Patil School of Engineering.</u>

Introduction:

Testing & Consultancy Services Laboratory (TCS Lab), is an offshoot of Dr. D Y Patil school of Engineering which is an established brand in providing quality technical education to engineering aspirants since last 14 years in their well-known educational campus at Charholi(BK),Pune. While our Alumni have established themselves as leading professionals in leading organizations in India and abroad, many of them have shaped their careers as entrepreneurs.

Our state of art laboratory infrastructure managed by expert faculties have been instrumental in providing thorough knowledge of material testing not only to the students but also to the customers, thereby imparting quality control awareness. Professionally we have now moved one step forward by accrediting our TCS Lab from **National Accreditation Board for Testing & Calibration Laboratories (NABL)**, which is a subsidiary of Quality Council of India, New Delhi. We now proudly possess the NABL accreditation vide certificate Number **TC-9915**, which oblige us to remain totally committed to implement all provisions of ISO/IEC 17025-2017 and also provide state of art testing services to the customers. We also remain committed to provide continuous training to all TCS Lab personnel and motivate them to achieve our vision.

TCS Lab is NABL Accredited based on ISO 17025:2017, which proves its ability to provide quality testing operations.

- Highly educated and well trained technical staff.
- TCS lab Management is committed for maintaining the transparency and Impartiality, to produce reliable test results.
- Free of Cost Material collection from project sites.
- On-site support and services.

Principal
Ajeenkya DY Patil School of Engineering, Lohegaon, Pune

VISION

Enable Testing & Consultancy Services Lab to set benchmark in quality

MISSION

1. To adhere quality standards strictly as defined by ISO: 17025/2017

2. To continuously improve quality management system as per normative references and market demand.

3. To achieve total customer satisfaction.

QUALITY POLICY

We at TCS LAB are committed to continually improve the effectiveness of our testing processes and management systems to deliver the precise and accurate results to the customers just in time.

We are further committed to undertake laboratory activities impartially & confidentially statutory and regularity while complying with ISO/IEC 17025:2017.

Deed of Association

This deed of association also in the nature of partnership or mutual benefit association is made today on dated 6th January 2017

Between

Secretary, Dr.D.Y.Patil Charitable Trust, Dr. D. Y. Patil Group of Institutions' Technical Campus, Lohegaon, Pune hereinafter referred as

Party No-I

And

Dr. S S Sonavane, Director, Technical Campus (TC) and Facilitator, Testing and Consultancy Cell (TCSC), at Dr.D.Y.Patil School of Engineering, Lohegaon, Pune, hereinafter referred as

Party No-II
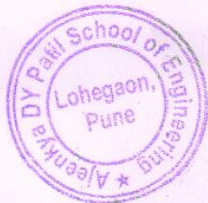

PRINCIPAL
ADYPSOE, PUNE
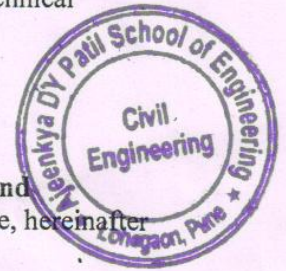

On following terms

1)The new entity generated will be called as Testing and Consultancy Services Cell (TCSC).The objective of setting up of "Testing and Consultancy Services Cell (TCSC)" in Civil Engineering Department of the Institute, is to establish platform for better interaction between practitioners from Business/Industries/Govt. Organizations and Academicians and also the students of Dr. D.Y. Patil School of Engineering, Charholi (BK), Lohgaon, Pune to synergies in practice and theory for the mutual benefit of the parties involved including student fraternities and the Society at large.

2) Besides creating a contingency fund to be used for effective maintenance and small repairs of the Laboratory equipment and machines in all the laboratories of the Department, the Institute may score some valuable points in the regular Inspection for **Accreditation of National Board of Accreditation (NBA) and National Assessment and Accreditation Council (NAAC)**, for offering Engineering Consultancy and undertaking Civil Engineering Research work to Industries/Govt. Institutions. The additional advantage is that the academic experts and final year students will have practical experience through the project, adding value to their caliber for the larger benefit of the Institute, Society and state.

a) **Party No.-I,** will be the promotor and also overall monitor and controller to the activity under separate Entity, TCSC with distinct legal identity under the financial and administrative control of the Management only.

b) The said association firm may also take **Service Tax and Income Tax registration** from respective Departments of Government of Maharashtra.

c) This deed of association is made in personnel name of people occupying the post of Facilitator, TCSC. In case of any change of person from the post, only resignations from the post holder will be accepted de facto and new facilitators if appointed may also be recorded in the register to be maintained with promoters.

d) The **Party No.-I** have all rights of changing the position and responsibilities of the Facilitator. Also **Party No.-I** shall appoint a successor, in case, **Party No.-2** discontinues.

e) The **Party No.-2** will discontinue being associated with the cell once he ceases to be part of the college.

f) In case of partly completed assignments if any of the associates want to leave the project in between for completion. The substitute should be arranged for satisfactory completion of project by the newly appointed facilitators.

g) Their will be no responsibility of the promoters towards projects for the performance of the project otherwise than when expressly agreed. The financial liability will not exceed the amount expressly accepted. The project Coordinator and his team will be responsible for the liabilities that may arise.
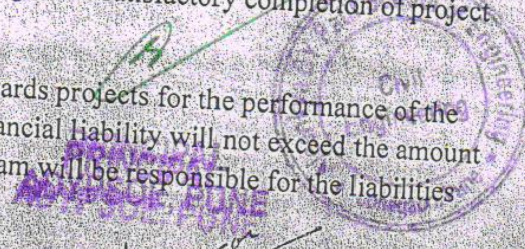

h) The cell will be paying such percentage as may be agreed as infrastructure charges to the promoters for use of infrastructure or resources of the college.

i) The employment of the facilitator with Dr. DYPSOE is prerequisite to be member of this association. The promoter may permit the deviation in this rule.

j) The accounts will be audited by Chartered accountant every year

k) The current Account in the Bank for day today transactions will be opened and operated by Party No.2 jointly with T.C.S.C. Coordinator of Civil Engineering Department, with two signatures viz. i.e. T.C.S.C. Coordinator and Facilitator (TCSC).

l) All the statutory dues are to be paid on time and the facilitator will be fully responsible for the same

m) The revenue generated shall be distributed among Institute and faculty members as per the approved Schedule by management. All the money transaction and disbursement shall be carried out subject to approval of CAO or any other authorized person of institute appointed by Dr.D.Y.Patil Charitable Trust from time to time.

3) MANPOWER, EQUIPMENTS / MACHINES REQUIRED FOR THE ACTIVITIES OF TCSC:

a) The Institute has following laboratories

    i) Engineering Mechanics

    ii) Survey

    ii) Fluid Mechanics

    iv) Testing of material

    v) Geotechnical Engineering

    vi) Engineering Geology

    vii) Transportation Engineering

    viii) Environmental Engineering

The work of material testing, Civil Engineering consultancy and Research will be limited to the availability of the equipment, machines and Research facilities available in the department including above mentioned existing laboratories. The facilities like use of Stationary, Computer and Software etc. shall be utilized from the available resources in Civil Engineering Department of the Institute.

b) All the material testing work will be carried out **after working hours** through the existing faculty members directed by the **Party No.-2**, and HOD (Civil). Generally 1(one) test will require 2(Two) faculty members out of which 1(one) will be from respective laboratory along
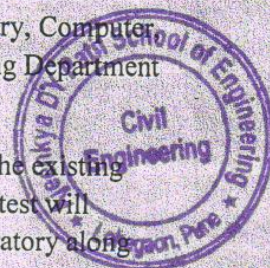

PRINCIPAL
DYPSOE, PUNE

with 1(one) each Laboratory Assistant and Attendant. The performance of test and preparation of Report will be the responsibility of the 1st (first) faculty member while checking the report and obtaining signature of HOD (Civil) and Facilitator will be the responsibility of the 2nd (second) faculty member. After obtaining the signature of Facilitator, the test report will be handed over to the Client.

c) The Facilitator, TCSC, after receiving enquiry for Engineering Consultancy, shall discuss it with the HOD (Civil) for deciding the scope of the work, manpower required to obtain primary/secondary data, whether any outsourcing required etc. and then finalize the probable consultancy charges. The HOD (Civil) shall also discuss with the Facilitator and finalize the rate

For the job, and upon which the Client will be informed about the same and the job will be undertaken accordingly.

The HOD, Civil will then allot the work to concern subject Expert/ Lab In charge for further action. The necessary documentation if required and advance for the work shall also be taken from the Client and then only the work will be undertaken.

4) REVENUE GENERATION:

The revenue from the activity of TCSC will be generated by three ways

a) **From material testing:** The main construction material like Cement, Steel, Bricks, Sand and aggregate required to be tested for possession of certain Engineering properties before using for

the constructions. Since lot of infrastructural construction work is going on in and around of Pune and Pimpri Chinchwad Municipal Corporation area, there is a great potential for tapping Contractors executing such work and ask them to bring their material for testing in the laboratories of Civil Engineering Department of the Institute. The rate list for testing of different construction material, Engineering consultancy and Research services mentioned under 'a' & 'b' below will vary according to nature of the work. It will prepared based on present market rates and get approved from the management. The schedule of distribution of income generated from material testing among Management, Principal of the Institute and faculty members involved in the testing activity is given in Schedule.

b) **By offering Engineering consultancy and Civil Engineering Research:** The services offered will include following areas /sectors

i) Preparation of DPR

ii) Urban Planning and Management/pre

iii) Real Estate Planning and Management

iv) Slum improvement and pro poor housing

v) Water supply and sewerage

Principal
Ajeenkya DY Patil School of
Engineering, Lohegaon, Pune

15

vi) Solid waste management

vii) Environment related issues/Studies like environment monitoring, Environment Impact assessment, Environment Clearance, Hazard and Operability (HAZOP)) Study etc.

viii) Project management Consultant for Environment issues.

ix) Bill Checking, its certification and Third Party Audit.

x) Any other technical Industrial or Academic R&D or assessment services to industries or Social sector organizations

xi) Support for entrepreneurship development within the student community

The Schedule below is a part of deed. The Facilitator should work as per standard operating Practices (SOPs) which can be prepared for proper delivery of services and such SOP should be revised from time to time. Any amendment is to be carried out in this deed can be carried out and such amendment shall be part of the association.

In case of any dispute within the association same shall be arbitrated by arbitrator appointed by trust and the decision shall be final and binding on the associates.

Schedule

The Scheme of distribution of revenue generated from Material Testing/Engineering Consultancy/Research among Institute and Faculty/Staff Members of concerned Engineering Departments.

A. Total Amount of Consultancy (A).
B. Expenses incurred for Required Equipment, Material charges/Shifting, TA/DA etc. (B)
C. Net Revenue generated C(100 %) =A-B
D. Institute Share D=25 % (Of 'C')
E. Share of Faculty/Department E= 75 % (Of 'C')
Following are the percentage proposed for the distribution of 100 % Amount 'E' of concerned department.
1. Facilitator, TCSC   - 6 %
2. Head Of Department   - 5 %
3. Co-ordinator ,TCSC   - 3 %
4. Faculties who carry out the Material Testing/Engineering Consultancy/Research work as follows

Principal
Ajeenkya DY Patil School of
Engineering
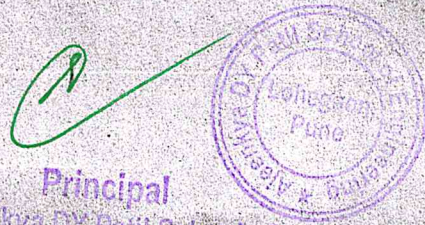

4(a) Material Testing/Fabricated		Distribution in % of 'E'	Remark
i.)	Teacher carrying out the tests and preparing Reports	30	
ii.)	Teacher Checking Result.	15	Total 86 %
iii.)	Laboratory Assistant involved in Testing	8	
iv.)	Laboratory Attendants involved in Testing	2	
v.)	Calibration, Maintenance and Overhead	24	
vi.)	Contingencies	7	

4(b) Engineering Consultancy			
i.)	Senior Expert – 1	40	
ii.)	Senior Expert – 2	22	
iii.)	Junior Expert	10	Total 86 %
iv.)	Laboratory Assistant/Draftsman	2	
v.)	Overheads	5	
vii.)	Contingencies	7	

4(c) Engineering Research Work			
i.)	Principal Research Fellow	55	
ii.)	Research Assistant	20	Total 86 %
iii.)	Laboratory Assistant / Draftsman	2	
iv.)	Laboratory Attendants involved	2	
v.)	Contingencies	7	
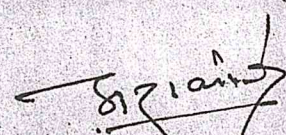

Note: Contingencies amount will be utilized for Books /documentation /publications/ Software and Laboratory Maintenance as per requirement.

Benefits to Stakeholders:

College:

1. Helps in ranking in various platforms based on Clients and consultancy work.
2. Improvement in placement due to better industry interaction.
3. Lab will run by their own and will be an income generating asset instead of dead investment.
4. Improvement in admissions.

Faculty:

1. Knowledge enhancement and improvement in ability to solve practical problems of industry.
2. Financial benefit to faculty.
3. Better interaction with Industry.

Student:

1. Knowledge enhancement and improvement in ability to solve practical problems of industry.
2. Financial benefit to student.
3. Better placement opportunities.
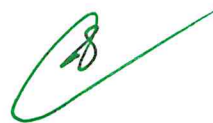

Future Plans:

4. Increase accreditation scope for soil, cement, water Physical and chemical testing.
5. To increase the cliental base more than 1000 satisfied customers
6. To increase monthly revenue generation to seven figure in the year 2023-24.

Auto India Racing Championship (AIRC)

Organizer: Ajeenkya D Y Patil School of Engineering

Event Name: Auto India Racing Championship (AIRC)

Event History: The College has successfully organized the AIRC for three consecutive Seasons

- **Season 4**: 42 teams participated.

- **Season 5:** 22 teams participated.

- **Season 6: Current year:** 32 teams from all over India participated.

Event coordinator Staff & Students:

- 9 faculty members coordinating the event

- 25 student volunteers

Duration: The event spans over four days.

Event Components:

1. **Static Events:**

   - **Design presentation:** Participants showcase the design aspects of their go-karts.

   - **Business plan presentation:** Teams present their strategies and plans for their go-karting projects.

2. **Dynamic Events:**

   - **Autocross:** Teams compete in a timed race on a circuit with various obstacles.

   - **Skid pad:** Participants demonstrate their control and maneuvering skills on a slippery surface.

   - **Figure Eight:** Teams navigate a figure-eight-shaped course, testing their agility and precision.

Principal
Ajeenkya DY Patil School of
Engineering, Lohegaon, Pune

21
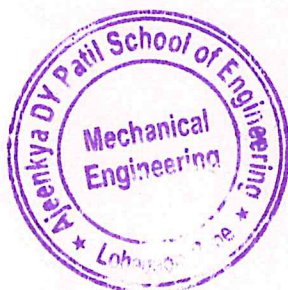

- **Acceleration test:** The speed and acceleration of the go-karts are measured in a straight-line test.

- **Brake test:** Participants showcase the efficiency of their go-kart's braking system.

- **Pre-endurance**: Teams undergo a shorter endurance race to assess their endurance and reliability.

- **Final endurance:** The final day of the event features a grueling endurance race to determine the overall champion.

Event Finale: The final day of the event includes a validation function, where the achievements and efforts of the participants are acknowledged. Additionally, the prize distribution ceremony takes place to honor the top-performing teams.

Financial Outcome: During the Go Kart event organized by Ajeenkya D Y Patil School of Engineering, the in-house team, being the host, does not require any registration fees. This means that the college indirectly generates revenue through Waive of registration fees from their own team.

Achievements of College Go- Karting Club:

Our institute having in-house Go Karting Club through which students are developing the racing cart and participated in various national level events like AIRC-Pune, JKDC Hyderabad, LPU Jalandhar, Edgline Pune etc. Go cart Team **Techno-Alpha** and Team **Techno Delta** are continuously showing their best performance and achieved various award as follow

| Year	Event	Award
2017	LPU Jalandhar	Winner up **Skid pad**
2019	AIRC 3 Pune	**Dronacharya** Award
2020	Edgeline 2 Pune	**Dronacharya** Award
2023	Edgeline 3 Pune	Winner up **Skid pad** Winner up **Auto Cross** Winner up **Business Plan** Winner up **Social Media** **Clean Peat** Award Runner up **Best Driver** Over all 1st **Runner up**
2023	AIRC 6 Pune	Winner up **Skid pad** Runner up **Best Driver** Winner up **Auto Cross** Runner up **Social Media** Over all 2nd **Runner up**

c) DYPSOE Details and vision .

Vision :-

" Empowerment through quality technical education"

Mission :-
M1 :- To excel as a centre of excellence in technical education.
M2:-To impart skill based education to meet the needs of industry and society.
M3:- To achieve excellence in teaching , learning and research.
M4:- To inculcate social and ethical values among the students.

d) The Parties agree to collaborate for providing online non-degree training courses on various subjects including and not , limited to industry standard and processes on the terms and conditions herein contained. These courses will be meant for working professionals to up-skill them, for students who have recently completed their degree courses and faculties (hereinafter collectively referred to as "Students").

NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL REPRESENTATIONS, AND OBLIGATIONS, MADE HEREIN AND FOR OTHER GOOD AND VALUABLE CONSIDERATION, THE PARTIES AGREE AS FOLLOWS:
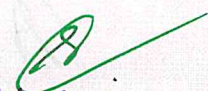

OPERATIVE PROVISIONS:

1. Scope of the MoU

Whereas DYPSOE requires the support for enhancing the skills of both faculty and students. EICT-IITK has a list of skill oriented courses which can enhance students' employability and also add value to the existing skills of the faculty . For the students, DYPSOE shall request for Augmentation program or need based as the case may be and shall be delivered by EICT as per the terms and conditions. These terms and conditions will be a part of the separate agreement which will be signed by both parties before the start of any engagement.

A. *Augmentation program*: Augmentation Program has been designed by EICT to bridge the gap between industry requirements and academic curriculum. The Augmentation Program is a set of graded courses (hereinafter referred to as 'Programs' or 'Courses') to provide the necessary technical and non-technical skills to the students making them industry ready.

Augmentation Program is a value added and industry relevant Program, to be provided to the all students undergoing graduation / post-graduation in all programs offered by the DYPSOE , to upgrade their technical and non-technical skills. These Programs are delivered along with the semester courses itself. These Programs are not a part of the
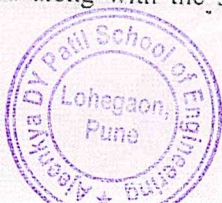

Principal
Ajeenkya DY Patil School of

computer software, and any other industrial or intellectual property rights) shall remain with the Party owning it.

Ownership of any intellectual property (including but not limited to confidential information, knowhow, patents, copyrights, design rights, rights relating to computer software, and any other industrial or intellectual property rights) developed during the course of this MoU shall be decided through a separate project specific agreement.

IIT Kanpur shall have a perpetual, royalty free right to use the IPR/ Know-how for academic and research purposes.

4. Representative

The Parties shall appoint a representative ("Principle Investigator") each to manage and oversee the collaboration requirements. The agreed representatives are as follows:

Prof. B.V. Phani,

Project Investigator,

"EICT Academy, IITK"

Email: bvphani@iitk.ac.in

Dr. F. B. Sayyad

Principal,

Dr D Y Patil School of Engineering, Charholi (Bk), Via Lohegaon Pune – 412105

E-mail : principal_dypsoe@dypic.in

5. Term and Termination

This MoU is for a period of 5 years commencing from the Effective Date, upon signing of this MoU. The MoU may be renewed for an additional term at the end of this term on mutual agreement of the Parties. The activities under this MoU will be reviewed every year. Either Party, giving no less than 30 days' notice in writing to the other Party, may terminate this MoU post mutual agreement.

6. Right to Use Name/Public Announcements

Neither Party may use the name, logo of the other Party as a reference in negotiations with third parties or in press releases or other public notifications except with the prior written consent of the other Party or to the extent required by applicable law for governmental disclosures.

7. Confidential Information

The Party receiving Confidential Information will not disclose it to any other person and use at least the same degree of care to maintain the Confidential Information as it uses in maintaining

Duration

The Duration of each course depends upon the type of program under which the said course is being conducted such as *Augumentation Program, Summer/Winter Training Program, SDP/FDP or Need Based Training*. The approx. duration under each of these programs are as follows-

Augumentation Programs

	Duration to be decided in consultation with the Institute.
Summer/Winter Training Programs	100 hrs (50 hrs of iLIVE* training + 50 hrs of assignments)
SDP/FDP	12 hrs to 15 hrs of iLIVE delivery
Need Based Trainig	Duration to be decided in consultation with the Institute.

Course Content

Course Content for each course depends upon the duration of the course and will be shared once the program and duration is finalized by the Institute.

Fee

The Fee for each of the course depends on the type of program under which the said course is being conducted. The fee for all the courses are lesser than the one that is offered by IIT, Kanpur in the market.

*iLIVE	Instructor Led LIVE and Interactive Virtual Engagement

Department of Computer Engineering

Methodology of Work under MOU with IIT Kanpur

Following process is to be followed for each and every course to be taken under MOU.

1. Notification from IIT Kanpur for different course that they are going to provide.

2. Notification is circulated among students to enlighten them about the different courses available, fees structure of the courses, duration and schedule.

3. Google form is shared by concerned faculty to know the course in which students are interested.

4. Responses of students are recorded and evaluated to know the course which is selected by the majority of students.

5. Registration link to the course is circulated among the students to complete the registration process.

6. Once the registration is done by interested students, course is initiated.

7. All the sessions under the course are conducted online as per schedule

8. Once the course is completed with necessary attendance, certificates are issued to registered students.

Report On
"Smart India Hackathon 2022"
National Level Innovation Competition

Date: Thursday, 25.08.2022 & Friday, 26.08.2022

Venue: GPCET, Kurnool, Andra Pradesh

Organizer: Mistry of Education Govt. of Indian and G. Pullaiah College of Engineering and Technology, Pasupula, Kurnool, AP.

Target Audience: Engineering Student all over the India.

As a part of **R&D** activity and to enhance the knowledge, skill and to inculcate understanding of Research & Innovation among the students, Students were encouraged to participate in National level Innovation even, "Smart India Hackathon", organized by Ministry of Education's innovation cell, AICTE, Higher Education Cell and Persistent System.

The competition started on 25.08.2022 after the nodal and central inauguration program. The students were given 36 hours of time to complete the assigned task.

There were five rounds of evaluation and three rounds of mentoring by the nodal expert review team.

The run time changes in the problem statement were floated which students were expected to complete the task till next review.

The team "Cyberian Coders" was a part of the nodal center, GPCET, Kurnool, of SIH.

The competition started on 25.08.2022 after the nodal and central inauguration program. The students were given 36 hours of time to complete the assigned task.

There were five rounds of evaluation and three rounds of mentoring by the nodal expert review team.

The run time changes in the problem statement were floated which students were expected to complete the task till next review.

The team "Cyberian Coders" was a part of the nodal center, GPCET, Kurnool, of SIH.

60

The team members were as follows:

1. Dr. Sunil D. Rathod – Team Mentor
2. Ms. Krutika Girme – Team Leader
3. Ms. Vaishnavi Nehe – Team Member
4. Mr. Tabeesh Khan – Team Member
5. Mr. P Soloman Leo
6. Mr. Siddharth Wagh

The team "Cyberian Coder" outperformed well in all the reviews and the mentoring rounds and at last won the "First Prize" for the given problem statement.

The feedback given by the students show that the guest lecture was really helpful for making innovation as a practical implementation.

"Online Student Development Program on Cyber Security (Web Hacking) and Cloud computing using AWS"

Semester-I   **Academic Year 2022-23**

Name of the Event: Online Student Development Program on Cyber Security (Web Hacking) and Cloud computing using AWS.

Date: 26th September 2022 to 30th September 2022

Time: 06.00 PM to 08.00 PM

Mode: Google Meet

Report:

The Department of Computer Engineering in association with EICT, IIT, Kanpur had organized "Online Student Development Program on Cyber Security (Web Hacking) and Cloud computing using AWS" from 26th September 2022 to 30th September 2022. **Total 172 students , 76 students for Cyber security course and 96 students for Cloud computing course, actively participated and received the certification.**

Cyber Security (Web Hacking) – Total participants: 76 students.

The lecture on Cyber security (Web Hacking) was headed by Ms. Aswathy Mohan who is Cyber Security Specialist and Trainer in EICT, IIT, Kanpur. Ms. Aswathy Mohan, in her speech addressed

Subject- Permission to organize Student Development Program(SDP) in association with EICT Academy - IIT Kanpur for students of Computer and AI&DS engineering

Respected sir,

ICT Academy - IIT Kanpur in association with Ajeenkya DY Patil School of Engineering, Lohegaon is planning a Student Development Program on the topics given below :-

1. App Development with Android

2. Cloud Computing -AWS

Start Date - 26th Sept'2022

End Date - 30th Sept'2022
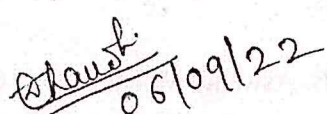

Duration - 2 Hours/per day

No.of days - 5 days

Cost - 499/- (with gst).

I request you to kindly give the permission to organize the SDP for students of Computer and AI&DS engineering.

Thanking You,

06/09/22

all the audience by her precious words. Shestarted the Programme is designed to enhance the learning and research skills of the participants, to make them aware about modern analytical tools and methodologies. It provides an opportunityto acquire knowledge about current technological developments in relevant fields. Ms Aswathy . Mohan explained the significance of the course. The Programmewas mainly focused on latest security threats, advanced attack vectors, and practical, real-time demonstration of the latest hacking techniques, methodologies, tools, tricks, and security measures. Topics such as Foot printingand Reconnaissance, Vulnerability Analysis, Denial-of-Service, Session Hijacking, Hacking Webservers, Hacking Web Applications, SQL Injection and Cloud computing Attack Vectors, Tools, and Countermeasures, etc. were explained in the course

Outcome: Students/participants will be able to understand issues in cyber-cime and different security threats, to demonstrate real time latest hacking techniques, methodologies, tools, tricks, and security measures.

Cloud Computing using AWS - . – Total participants: 96 students.

The lecture on Cloud Computing using AWS, was conducted by Mr.Rahul who is Cloud Computing Specialist and Trainer in EICT, IIT, Kanpur. Mr. Rahul, in his lecture underlined the definition, concept, effective use, customize, and work over cloud services. In his speech, he sermonized all the students by his knowledgeable andprecious talk. Students could study how to manage, configure and administrate cloud networks. This Course gave detailed information to the participants about the configuration of services in AWS cloud infrastructure, main course was focused on IAAS, where we had to configure each and every service. Topics such as Introduction to Cloud Computing,Cloud Pyramid, Virtualization Concepts, Public Cloud Services – using Amazon Cloud, etc. were covered in the sessions.

Hands-on training to effectively use, customize, andwork over cloud services was conducted.

Outcome: Students/participants will be able to perform essential wan administration tasks including creating instances, s3 services, mail server, load balancing.each and every service.

EICT ACADEMY IIT KANPUR

SUMMER TRAINING PROGRAM 2023

MAY / JUNE /JULY

FULL STACK WEB DEVELOPER (BASIC & ADVANCE)

Are you interested in becoming a skilled Full Stack Web Developer and learning the latest web development technologies? Well, you're in luck because E&ICT Academy at the prestigious Indian Institute of Technology (IIT) Kanpur is organizing a Summer Training Program in 2023 that focuses on Full Stack Web Development.

Here are the details of our Full Stack Web Developer Course:

- **Course:** Full Stack Web Developer
- **Duration:** 4 Weeks
- **Locations:** Kanpur

Course Highlights:

- Basic and Advanced Courses
- Expert Faculty
- Hands-on Learning

Comprehensive Curriculum:

This 4-week program will equip you with essential skills and knowledge needed to build modern web applications from scratch and launch a successful career in web development. With expert faculty, hands-on learning, and a comprehensive curriculum covering topics like HTML, CSS, JavaScript, React, Node.js, Express, MongoDB, RESTful APIs, and more, you'll be set up for success.

State-of-the-Art Infrastructure:

Plus, upon completion of the course, you'll receive a prestigious certificate from E&ICT Academy, IIT Kanpur that will add value to your resume and boost your career prospects.

Summer Training Experience:

And the best part? The training program is held during the summer months, providing you with a unique opportunity to enhance your skills during your break from regular academic activities.

Eligibility

Whether you're a student, working professional, or aspiring web developer, this Summer Training Program at E&ICT Academy, IIT Kanpur will help you excel in the field of web development. So, don't wait too long to enroll because limited seats are available!

Principal
Ajeenkya DY Patil School of
Engineering, Lohegaon, Pune

To register for the course or if you have any questions, visit https://ifacet.iitk.ac.in/summer-training-program/ or contact us at eict@iitk.ac.in.

We can't wait to have you as a part of our Summer Training Program 2023!

Best regards, E&ICT Academy IIT Kanpur

Membership with S4DS (Society for Data Science)

The Society for Data Science (S4DS) is a renowned organization dedicated to advancing the field of data science. Establishing a student chapter allows for the creation of a local community that can engage in activities such as workshops, seminars, and collaborative projects, enhancing the learning experience for students interested in data science. A student chapter for the Society for Data Science is a significant step towards creating a dynamic and collaborative community of future data scientists.

By collaborating with S4DS and seeking guidance, we aim to ensure a seamless integration of the student chapter into the broader data science community. Through regular feedback and evaluation, we aspire to continuously enhance the student experience, creating a thriving ecosystem that empowers the next generation of data scientists.

Vision Mission of S4DS (Society for Data Science)

VISION:

Empowering people in the field of Data Science through spread of knowledge and wisdom in an intelligent environment to improve life, business and government and prepare tomorrow's data science researchers to address grand challenge problems.

MISSION:

Society for Data Science's core purpose is to foster Data Science innovation and excellence for the benefit of humanity. S4DS has its **mission** to connect academia, industry and society in a diverse Data Science and AI ecosystem where collaboration, innovation and engagement are key to the network.

We want to maximize participation and engagement from those in academia, industry and society. This means providing a platform where people can come together and share knowledge and experiences. Everyone in the ecosystem should feel motivated to participate by joining events, meetups or contributing to the S4DS blog and newsletter.

Innovation is key to S4DS being a nationally and internationally recognized leader in Data Science and AI. Those in our network should have the drive to apply and innovate Data Science and AI in research, business and society to the benefit of all involved.

Methodology of Work under Membership with S4DS

1. Members may attend conferences, workshops and seminars related to data science and analytics to keep up with the latest trends and developments in the field.

2. Some members may take on leadership roles within S4DS, helping to organize events, manage resources, and guide the organization's direction.

3. S4DS may offer mentorship programs where experienced members or industry professionals provide guidance and support to newer members.

4. S4DS may organize or participate in data science competitions, such as hackathons or data challenges, to test and apply their skills in a competitive environment.

5. As a member, you may gain access to various resources provided by the organization. These resources could include research publications, datasets, software tools, and educational materials related to data science.

Are the Stake Holder Benefited?

Benefits of Membership with S4DS (Society for Data Science)

- Free access to quarterly newsletter containing cutting edge updates in this domain
- Discounted rate on workshops and Certification programs on disruptive technologies, conducted by experts
- Discounted registration fee to the flagship International Conference on Data
- Management, Analytics and Innovation (ICDMAI).
- Access to global list of mentors, especially for students to jointly undertake writing of papers, developing projects and open source packages
- Funding for quality student member's innovative ideas
- Opportunity to deliver workshop/training in collaboration with Society for Data Science (S4DS)
- Opportunity for networking with the S4DS members

Benefits of S4DS Students Chapter

- Organizing events at S4DS Student Chapter shall help members develop administrative, technical, managerial and humanitarian skills.
- Establish a center of excellence on many disruptive technologies.
- Conduct Certification Programmes on disruptive technologies.
- Resource and promotional support for Workshop, Lectures, Seminars, Conferences etc.
- Organize Faculty Development Programmes and Technical Training Programmes.
- Opportunity to organize activities to develop entrepreneurial skills, leadership skills, soft skills and other skill development activities.
- Opportunity to host or become partner in organizing the International Conference on Data Management, Analytics and Innovation (ICDMAI), a flagship conference of S4DS
- Networking with the S4DS team and other Student Chapters, may help in projects and placements.
- Association with Technical Professional Body shall help in receiving recognition by Accreditation bodies.

Impact On Society of Membership with S4DS

1. Data science societies often facilitate the sharing of knowledge, research, and best practices among their members. This can lead to advancements in the field and the application of data science techniques to real-world problems.

2. Membership in such organizations can enhance the skills and expertise of individuals working in the data science field. This, in turn, can lead to better solutions and innovation in various industries and sectors.

3. Data science societies provide opportunities for professionals to connect and collaborate. Networking can lead to new partnerships, research collaborations, and the exchange of ideas that can benefit society at large.

4. Data science societies often engage in public outreach and educational initiatives to increase awareness about the field and its potential impact. This can lead to a more informed and data-literate society.

5. Data science is a powerful tool for addressing complex problems. Membership in a data science society can lead to innovative solutions in fields like healthcare, finance, transportation, and many others, ultimately benefiting society.

Event Report

Academic Year: 2023-24   **Semester-I**

Name of the event: Technovanza 2K23

Date and Time	28th October 2023 10:00 AM
Event Venue	AJEENKYA DY PATIL SCHOOL OF ENGINEERING, LOHEGAON
Organized by	Department of AI&DS Engineering in association with S4DS student chapter
Targeted Audience	Participants from various institutes of technical as well as non-technical background
Guest	Mr. Sumit Acharya , Manager SI UK Mr. Shreyas Bhore , Associate Technical Manager Eversana

Event Contents:
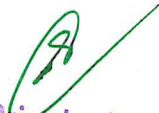

1. Inauguration of Technovanza 2k23
2. Organization of Various Technical & non-Technical competitions
3. Announcements of results & prize distribution

Details of the event:

Department of Artificial Intelligence and Data Science in association with S4DS Student chapter had successfully conducted the event "Technovanza 2k23" on 28 October 2023.

The event attracted participants from various educational institutions of Savitribai Phule Pune University and other Universities.

A variety of exciting events were conducted under TECHNOVANZA 2k23 like CloneAthon, Treasure Hunt, BGMI Tournament, Black Box Challenge & Chess. Event had a huge response from participants with positive feedback. Attractive cash prizes were also awarded to the winners.

Objectives of the Biodiversity club:

- To create awareness about Biodiversity in ADYPSOE campus.
- To maintain the beauty of green campus.
- To attract variety of birds in campus.
- To motivate students and staff for tree plantation
- To create healthy and ecofriendly atmosphere for all in ADYPSOE campus.

3

This good cause was carried out in presence of Director, Dr.Kamaljeet Kaur mam, Principal Dr.F.B.Sayyad sir, Dr.S.M.Khairnar sir, and head of the first year engineering department, teachers, non-teaching staff & students. It was conducted by the hands of our enthusiastic students at our institute campus.

Director and all the eminent persons were welcomed by offering plants.

Director Dr..Kamaljeet Kaur mam guided about the value of tree plantation and how this activity can affect the biodiversity of the campus.

In view of the biodiversity of bel plant we have planted 51 bel plants. Aegle marmelos commonly known as bilwa or bael is an important medicinal plant in Ayurveda. The English name for bael is stone apple, as its rather large fruit is like pale yellow to golden orange when ripe. In Sanskrit, it is called bilva or sriphal or shivadruma (the tree of shiva), while in Hindi, it is referred to as bel.

According to Ayurveda, it is a healing tree which gives strength to the body, and this accreditation seems also largely due to its diverse medicinal properties as all parts of this tree, namely, root, leaf, trunk, fruit, and seed, are used to cure various human ailments and diseases.

Bel Patra is considered a powerhouse of healing and medicinal properties. Including Bel Patra leaf in your daily routine will help you have a disease-free and healthy life. Bel Patra has religious significance and is an auspicious one offered to impress Lord Shiva.

Heronry *birds*, crows also use this *tree* as a nesting site, Fruit and seed of bel trees are a major source of food for birds and certain animals.

This is clear that when these plants will grow it will be of great benefit to our campus.

After plantation, watering was done to the plants and it'll be go on as our students promised that they will do watering every day to these plants.

Vote of thanks was delivered by Dr.Pragati Deore.

Overall, it was full of entertainment, enthusiastic as well as motivational event to encourage all. Students enjoyed a lot and they happily planted all the trees.

This good cause was carried out in presence of Director, Dr.Kamaljeet Kaur mam, Principal Dr.F.B.Sayyad sir, Mr.Ajay Lal and head of the all departments, security guards of the campus, teaching, non-teaching staff & students. It was conducted by the hands of our enthusiastic students at our institute campus.

Director and all the eminent persons were welcomed by offering bouquets.

Director Dr..Kamaljeet Kaur mam guided about the idea of distribution of neck belts and chains to stray dogs within the campus and how this activity can affect the biodiversity of the campus.

Neck belts and chains were handed over to the security guards and they assured that they will take care of these dogs. This is clear that when these dogs will grow it will be of great benefit to our campus for the night security, they can save the campus from thieves and any unwanted incidents.

Dogs are very helpful for mankind, they are very much useful for safety purpose, they became very friendly with the security guards of the campus and their everyday food and shelter is taken care of by these security guards within the campus premises.

2. VEGETABLE'S SEED SOWING
3. WATER POTS PUTTING FOR BIRDS
4. WATERING TO PLANTS

Principal
Ajeenkya DY Patil School of
Engineering, Lohegaon, Pune

1
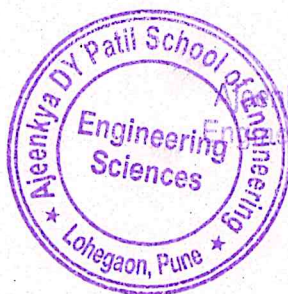

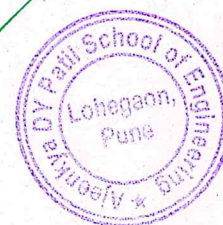

Details of the event:

ADYPSOE recognizes the importance of sustainable practices and biodiversity conservation. To promote these values among students and maintain a greener campus, a vegetable seed sowing and water pots for birds activity was organized by the Biodiversity Club. This event aimed to engage students in hands-on gardening, educate them about the benefits of growing their own food, and contribute to the well-being of local bird populations. Organic vegetable seeds, carefully chosen to suit the local climate and growing conditions, were provided to each participant. In small groups, participants enthusiastically prepared their plant beds, sowed the seeds, and covered them with organic mulch. They learned about the importance of organic farming, reducing reliance on chemical pesticides, and the potential for growing their own fresh produce.

Water Pots for Birds: Alongside the vegetable seed sowing, participants also engaged in a creative and eco-friendly activity: making water pots for birds. The group learned about the significance of providing water sources for birds, especially during hot and dry seasons. Using recycled materials such as terracotta pots, saucers, and colorful paint, participants transformed simple objects into attractive bird water stations. The activity not only promoted resourcefulness and recycling but also highlighted the importance of creating a bird-friendly environment on campus. Participants strategically placed these water pots in areas with natural vegetation, encouraging the presence of birds and enhancing the college's biodiversity. The vegetable seed sowing and water pots for birds activity at ADYPSOE campus successfully brought together students, faculty, staff, and the local community in a shared mission of sustainability and biodiversity conservation. Through hands-on gardening and creative recycling, participants learned valuable skills, developed a deeper connection with nature, and actively contributed to a green campus environment.

To,

Subject: Request to Eliminate Plastic Usage

Dear Sir / Madam,

We are deeply committed to promote environmental sustainability and reducing the usage of plastic in our daily lives. As a reputable vendor/shopkeeper in our campus, your influence and actions can significantly contribute to preserving our planet for future generations. Plastic pollution has become a pressing global issue, causing irreparable harm to our environment, wildlife, and human health. With the rising awareness about the impact of plastic waste, it is crucial for businesses like yours to take a proactive stance in minimizing plastic consumption. I kindly request your cooperation in the following measures that can help mitigate the use of plastic within your establishment:

Plastic Bag Elimination: Please discontinue the use of single-use plastic bags. Encourage your customers to bring their reusable bags or offer alternative eco-friendly packaging options, such as paper bags or fabric totes.

Plastic Straws, spoons, forks and Utensils: Consider switching to biodegradable or reusable alternatives for plastic straws and utensils. Use **steel or metallic things** in place of plastic.

Plastic Water Bottles: Refrain from selling or promoting single-use plastic water bottles. Encourage the use of refillable water bottles and consider providing water stations or filtered water dispensers in your establishment.

Awareness Campaign: Display educational materials and signage in your store to inform customers about the environmental impacts of plastic and the importance of sustainable practices. This will help raise awareness and encourage responsible consumer behavior.

By adopting these measures, your business will not only contribute to the well-being of our environment but also attract environmentally conscious customers who appreciate businesses that align with their values. Thank you for your attention to this matter. Your commitment to reducing plastic usage will undoubtedly have a lasting impact on our environment and our shared future.

Subject: Request to Clean Cupboards and Collect Plastic Waste for Recycling

Dear Sir / Madam,

As a concerned member of our college, we are writing to draw your attention to an important matter related to environmental sustainability and waste management within our departments. Plastic pollution has emerged as a significant global concern, and it is our responsibility as an educational institution to lead by example and promote eco-friendly practices. In line with this objective, I would like to request your support in initiating a cleanliness drive within our department, focusing specifically on cleaning cupboards and collecting plastic waste for proper recycling. We propose the following actions:-

Cupboard Cleaning: Encourage all department staff to thoroughly clean their respective cupboards and storage spaces. This activity will help to identify any plastic waste that may have accumulated over time.

Plastic and E- Waste Collection: Allocate designated collection bins in strategic locations throughout the department to collect the identified plastic waste. Our house keeping staff will reach to you to collect the same on Friday, 16th June 2023.

Monitoring and Evaluation: Implement a monitoring system to track the progress of the cleanliness drive and plastic waste collection. Regularly review and evaluate the effectiveness of the initiative, and make any necessary adjustments to ensure its success.
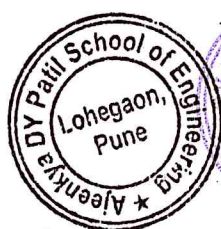

By undertaking these measures, we can create a culture of environmental consciousness within our department and contribute to the larger goal of sustainable waste management on our campus. This initiative will not only benefit the environment but also foster a sense of pride and responsibility among the members of our department.

We kindly request your support and guidance in implementing this cleanliness drive under Biodiversity Club. Your leadership and influence will inspire others to participate actively in this endeavor, promoting a greener and more sustainable college community. Thank you for your attention to this matter. Together, we can make a significant difference in creating an environmentally friendly campus and shaping responsible citizens for the future.

Subject: Request to Eliminate Plastic Usage

Dear Sir / Madam,

We are deeply committed to promote environmental sustainability and reducing the usage of plastic in our daily lives. As a reputable vendor/shopkeeper in our campus, your influence and actions can significantly contribute to preserving our planet for future generations. Plastic pollution has become a pressing global issue, causing irreparable harm to our environment, wildlife, and human health. With the rising awareness about the impact of plastic waste, it is crucial for businesses like yours to take a proactive stance in minimizing plastic consumption. I kindly request your cooperation in the following measures that can help mitigate the use of plastic within your establishment:
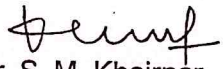

Plastic Bag Elimination: Please discontinue the use of single-use plastic bags. Encourage your customers to bring their reusable bags or offer alternative eco-friendly packaging options, such as paper bags or fabric totes.

Plastic Straws, spoons, forks and Utensils: Consider switching to biodegradable or reusable alternatives for plastic straws and utensils. Use **steel or metallic things** in place of plastic.
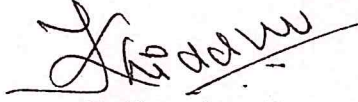

Plastic Water Bottles: Refrain from selling or promoting single-use plastic water bottles. Encourage the use of refillable water bottles and consider providing water stations or filtered water dispensers in your establishment.
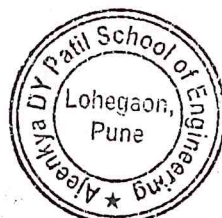

Awareness Campaign: Display educational materials and signage in your store to inform customers about the environmental impacts of plastic and the importance of sustainable practices. This will help raise awareness and encourage responsible consumer behavior.

By adopting these measures, your business will not only contribute to the well-being of our environment but also attract environmentally conscious customers who appreciate businesses that align with their values. Thank you for your attention to this matter. Your commitment to reducing plastic usage will undoubtedly have a lasting impact on our environment and our shared future.

Subject: Request to Eliminate Plastic Usage

Dear Sir / Madam,

We are deeply committed to promote environmental sustainability and reducing the usage of plastic in our daily lives. As a reputable vendor/shopkeeper in our campus, your influence and actions can significantly contribute to preserving our planet for future generations. Plastic pollution has become a pressing global issue, causing irreparable harm to our environment, wildlife, and human health. With the rising awareness about the impact of plastic waste, it is crucial for businesses like yours to take a proactive stance in minimizing plastic consumption. I kindly request your cooperation in the following measures that can help mitigate the use of plastic within your establishment:

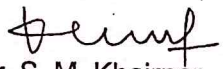

Plastic Bag Elimination: Please discontinue the use of single-use plastic bags. Encourage your customers to bring their reusable bags or offer alternative eco-friendly packaging options, such as paper bags or fabric totes.

Plastic Straws, spoons, forks and Utensils: Consider switching to biodegradable or reusable alternatives for plastic straws and utensils. Use **steel or metallic things** in place of plastic.

Plastic Water Bottles: Refrain from selling or promoting single-use plastic water bottles. Encourage the use of refillable water bottles and consider providing water stations or filtered water dispensers in your establishment.
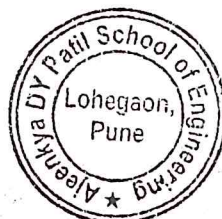

Awareness Campaign: Display educational materials and signage in your store to inform customers about the environmental impacts of plastic and the importance of sustainable practices. This will help raise awareness and encourage responsible consumer behavior.
By adopting these measures, your business will not only contribute to the well-being of our environment but also attract environmentally conscious customers who appreciate businesses that align with their values. Thank you for your attention to this matter. Your commitment to reducing plastic usage will undoubtedly have a lasting impact on our environment and our shared future.
